Re: 2706 Stevens Street Sidewalk Assessment

Dear Ms. Stanley:

We were recently informed of a proposed assessment to pay for a sidewalk in front of the house at the above address. We do not wish for a sidewalk to be built due to the extra maintenance required. There is a sidewalk across the street already. The cost is listed as \$3,405. If the community would like a sidewalk on our property then we feel that the community should all contribute equally for this project.

Sincerely,

David J. Bedrin and Kyle D. Holen
