

Legistar File No. 74703 Body – SUBSTITUTE

DRAFTER’S ANALYSIS: This proposed ordinance changes several sections of Chapter 28 to implement the new Transit Oriented Development (“TOD”) Overlay District. An overlay district modifies the underlying zoning regulations of the base district, here for the intent to intensify land use and economic value around transit stations. As recommended by the 2018 Comprehensive Plan, the TOD District increases development intensity, reduces parking requirements, and supports transit use. The TOD District improves pedestrian connections, traffic and parking conditions and increases mobility choices in the overlay area to enhance the livability of station areas.

The largest change is the repeal and replacement of MGO Sec. 28.104, the TOD Overlay District section. In order to support increased density, the new TOD District allows more dwelling units as permitted uses, allows for additional height in select underlying zoning districts and requires a minimum of two stories for new buildings in employment, mixed-use, and multifamily residential zoning districts. Tables 28C-1 “Residential District Uses” and 28D-2 “Mixed-Use and Commercial District Uses” are modified to reflect the change to permitted base zoning uses once overlaid by the TOD District. A new supplemental regulation for “Accessory Dwelling Units in the TOD Overlay District” is added to MGO Sec. 26.151 to help clarify how accessory dwelling units operate in the TOD District.

To promote transit over automobile use, the new TOD District eliminates car parking minimums, reduces maximums, and implements more stringent building form and site layout regulations for auto-oriented uses. In addition to the language in the new MGO Sec. 28.104, Tables 28I-2, 28I-3 and 28I-4 in Sec. 28.141 “Parking and Loading Standards” are modified to support this change.

The substitute corrects spelling errors in the title and Drafter’s Analysis.

The second substitute ordinance includes no changes to the text from the original draft, but adds in portions of the national register historic districts and local historic districts (outside of the downtown) within a quarter mile of the high-frequency transit routes. These areas had been excluded in the original draft. The changes are reflected in the attached maps.

The Common Council of the City of Madison do hereby ordain as follows:

1. Table 28C-1 entitled “Residential Districts” of Subsection (1) of Section 28.032 entitled “Residential Districts” of the Madison General Ordinances is amended as follows:

“Table 28C-1

Residential Districts

Dwelling units in mixed-use buildings (>60 units)		C	C	C	C	C	P			Y"

3. Section 28.101 entitled "Applicability" of the Madison General Ordinances is amended as follows:

"The requirements of the overlay districts shall apply to all zoning lots located in such districts in addition to all requirements in the Madison General Ordinances that apply to the primary base zoning district classification of those zoning lots.

In the event of a conflict between the provisions of any overlay district and the underlying primary base zoning district, the provisions of the overlay district shall apply, except where otherwise specified."

4. Section 28.104 entitled "Transit Oriented Development Overlay District" of the Madison General Ordinances is repealed and recreated as follows:

28.104 Transit Oriented Development Overlay District

(1) Statement of Purpose.

The Transit Oriented Development ("TOD") Overlay District is intended to support

investment in and use of public transit and bicycle connections. It does this by fostering development that intensifies land use and economic value around transit stations and by promoting a mix of uses that will enhance the livability of station areas.

The district is also intended to:

- (a) Provide increased mobility choices
- (b) Improve pedestrian connections, traffic and parking conditions.
- (c) Foster high-quality buildings and public spaces that help create and sustain long-term economic vitality.

(2) Applicability.

The TOD Overlay District is depicted on the maps below. This ordinance applies to all parcels within or partially within boundaries depicted on the map.

(3) Residential Districts.

- (a) Permitted and Conditional Uses in Addition to Uses in Base Zoning District

Residential Districts

* (Asterisk) indicates allowable uses changed by the TOD Overlay District.

(b) Dimensional Requirements, Permitted and Conditional Uses.

Zoning District	Maximum Height
NMX	4 stories/60 feet.* Building height exceeding the maximum may be allowed with conditional use approval.
TSS	4 stories/60 feet.* Building height exceeding the maximum may be allowed with conditional use approval.
CC	6 stories/90 feet.* Heights exceeding the maximum may be allowed with conditional use approval.
RMX	8 stories/116 feet.* Building height exceeding the maximum may be allowed with conditional use approval.

* (Asterisk) indicates dimensional standards changed by the TOD Overlay District.

(5) Employment Districts.

(a) Permitted and Conditional Uses in addition to Uses in Base Zoning District

Employment Districts	
	TE
Residential - Family Living	
Dwelling units in mixed-use buildings (<25 units)	P*

* (Asterisk) indicates allowable uses changed by the TOD Overlay District.

(6) Usable Open Space. Usable open space shall not be required.

(7) Site Standards for Buildings.

Applicability. The following standards are applicable to all new principal buildings and major expansions [fifty percent (50%) or more of building floor area] for non-residential uses and buildings with over two residential units. Standards shall apply only to the portion of the building that is new or expanded.

(a) Maximum Principal Building Setbacks.

1. At least thirty percent (30%) of primary street-facing building facades shall be setback no more than twenty (20) feet from the primary street. Buildings shall occupy at least thirty percent (30%) of the primary street frontage. Setbacks from private streets shall be measured from interior private access road curb faces or edges of pavement.
2. On a corner lot, at least thirty percent (30%) of street-facing building facades shall be setback no more than twenty (20) feet

from the primary street and no more than twenty (20) feet from the secondary street more or less perpendicular to the primary street. Buildings shall occupy at least thirty percent (30%) of the primary street frontage. On lots with more than one corner, only the corner with the primary and secondary streets shall be required to meet this provision. Setbacks from private streets shall be measured from interior private access road curb faces or edges of pavement.

3. When more than one principal building is developed on a zoning lot, additional buildings shall be exempt from the maximum setback requirement if approved and constructed concurrently with or after a principal building or buildings that:
 - i. Comply with the maximum building setback requirements; and;
 - ii. Occupy at least thirty percent (30%) of each street frontage of the zoning lot. This percentage may be reduced to allow the minimum width for vehicular ingress and egress.

(b) Entrance Orientation . Principal building entrances on all new buildings shall be oriented to their primary abutting street and be located within the maximum setback. The entrance shall have a functional, operable door and remain open to the public during the same hours as all other public building entrances. Additionally, secondary entrances may be oriented to a secondary street or parking area. Entrances shall be barrier-free, clearly visible and identifiable from the street, and delineated with elements such as roof overhangs, recessed entries, landscaping or similar design features. For buildings with multiple non-residential tenants, a minimum of one (1) tenant space shall have an entrance that meets these requirements. Other tenant spaces shall be connected to the street with a private sidewalk connection.

(c) Minimum Number of Stories and Height . A minimum of two stories is required for a minimum of seventy-five percent (75%) of the building footprint except for the following uses:

1. Greenhouse, nursery
2. Place of worship
3. Public safety or service facilities
4. Recreation, community, and neighborhood centers
5. Transit station, transfer point

(8) Site Standards for Automobile Infrastructure .

(a) Applicability . The following standards are applicable to non-residential uses and buildings with over three residential units.

(b) Automobile parking, loading, drives, drive aisles, driveways, vehicle access sales and service windows and drives, gas pumps, gas station canopies, car wash vacuum stalls and electric vehicle charging facilities:

1. Shall not be allowed between the primary street-facing façades and the primary public or private street.
2. On a corner lot, shall not be allowed between the primary street-facing façades and the primary street and shall not be allowed between the secondary street-facing façades and the secondary street more or less perpendicular to the primary street. On lots with more than one corner, only the corner with the primary and secondary (public or private) streets shall be required to meet this provision.

- 3. Shall be setback from the primary and secondary street equal to or greater to than the principal building setback.
- (c) Vehicle access sales and service windows shall be located under the building in which they are located, and the building shall have commercial or residential uses as allowed in the base district along the primary street frontage.
- (d) Parking structures shall integrate active uses along at least fifty percent (50%) of the primary street-facing façade at the first floor

5. Subdivision (e) of Subsection (1) entitled “Statement of Purpose” of Section 28.141 entitled “Parking and Loading Standards” of the Madison General Ordinances is amended as follows:

“(e) Minimize spillover of on-street parking in neighborhoods.”

6. Subsection (3) entitled “No Minimum Parking Required” of Section 28.141 entitled “Parking and Loading Standards” of the Madison General Ordinances is amended as follows:

“(3) No Minimum Parking Required.
In the Central area, as defined, and the following districts, there is no specified minimum requirement for off-street parking of automobiles, with the exceptions specified in Table 28I-2 below. Maximum parking and bicycle parking requirements apply as specified in Table 28I-3. For conditional uses, parking requirements may be established as a condition of approval in cases with minimum parking requirements.”

7. Table 28I-2 entitled “Districts With No Minimum Automobile Parking Requirements; Exceptions” of Subsection (3) entitled “No Minimum Parking Required” of Section 28.141 entitled “Parking and Loading Standards” of the Madison General Ordinances is amended as follows:

9. Table 28I-4 entitled “Minimum Parking Adjustments/Reductions” Subsection (5) entitled “Adjustments to Minimum Number of Required Spaces” of Section 28.141 entitled “Parking and Loading Standards” of the Madison General Ordinances is amended as follows:

“Table 28I-4. Minimum Parking Adjustments/Reductions.

	Adjustment
Shared car availability	A reduction in residential parking may be approved by the Zoning Administrator if a shared or community car is available for use by residents on or within reasonable proximity of the site.
Transit corridor proximity	Within 600 feet of a high-frequency transit corridor, a reduction in minimum parking requirements of up to 50% may be approved as a conditional use, with due consideration of the frequency of transit service and adequacy of pedestrian and bicycle linkages to transit stops or stations.
Off-site parking availability	Parking for nonresidential uses may be reduced by one space for each space in a public parking lot or public parking structure located within 1,320 feet of the use, as measured by using the shortest pedestrian route from the nearest corner of the parking lot or structure to the main public entrance of the use served.”

10. Supplemental Regulations related to “Accessory Dwelling Unit in Districts Other than the TR-P District” of Section 28.151 entitled “Applicability” of the Madison General Ordinances is renumbered as follows:

- (c) No more than one (1) accessory dwelling unit may be located on a lot.
- (d) The number of occupants of the accessory dwelling unit shall not exceed one (1) family or two (2) unrelated individuals.
- (e) The accessory dwelling unit shall not be sold separately from the principal dwelling.
- (f) The maximum height of a detached building containing an accessory dwelling unit, including one built above a garage or similar space, shall be twenty-five (25) feet. Height shall be measured as a principal building pursuant to MGO Sec. 28.134(1)(b).
- (g) The maximum size of an accessory dwelling unit shall be nine hundred (900) square feet.
- (h) An accessory dwelling unit shall contain no more than two (2) bedrooms.
- (i) The minimum setback requirements shall be those for accessory building or structures of the underlying zoning district.
- (j) Accessory dwelling unit entry ways within a rear or side yard shall be connected to a street frontage by a paved walkway or driveway.
- (k) For accessory dwelling units constructed within the principal building, the appearance or character of the principal building shall not be significantly altered so that its appearance is no longer that of a single-family dwelling, two-family dwelling – twin, or two-family dwelling - two unit.”

12. Supplemental Regulations related to “Dwelling Units in Mixed-Use Buildings” of Section 28.151 entitled “Applicability” of the Madison General Ordinances is amended as follows:

“Dwelling Units in Mixed-Use Buildings.

- (a) ~~In the LMX District, there shall be no more than two (2) dwelling units per lot.~~

- ~~(b) In the NMX District, more than twenty-four (24) dwelling units requires conditional use approval.~~
- ~~(c) In the TSS District, more than forty-eight (48) dwelling units requires conditional use approval.~~
- ~~(d) In the CC-T and MXC Districts, more than sixty (60) dwelling units requires conditional use approval.~~
- (ea) In the LMX, NMX, TSS and CC-T Districts, at least fifty percent (50%) of the ground-floor frontage facing the primary street, including all frontage at a street corner, shall be non-residential. Less non-residential frontage requires conditional use approval.
- (fb) Residential use shall be limited on the ground floor of buildings on King Street; South Pinckney Street; State Street; the 10 through 500 blocks of East Wilson Street; the 100 blocks of West and East Mifflin Streets; the 100 blocks of West and East Main Streets; and on the Capitol Square, which is formed by the 10 blocks of East and West Mifflin, the 10 blocks of North and South Pinckney, the 10 blocks of East and West Main, and the 10 blocks of North and South Carroll Streets. Residential use is prohibited within the following areas:
 - 1. The area of the lot abutting street frontages in Sub. (f) above, the lesser of a depth of forty feet (40') or forty percent (40%) of the depth of the lot as measured along these frontages.
- (gc) In residential districts, allowed uses are those specifically included and identified as permitted and conditional uses in the district use tables. The bulk requirements for the multi-family use in the district apply.”

13. Paragraph 5. of Subdivision (a) of Subsection (6) entitled “Approval Standards” of Section 28.183 entitled “Conditional Uses” of the Madison General Ordinances is amended as follows:

- “5. Adequate utilities, access roads, drainage, ~~parking supply, internal circulation improvements, including but not limited to vehicular, pedestrian, bicycle, public transit~~ for pedestrians, bicyclists, public transit and vehicles, parking supply (in cases with minimum parking requirements) and other necessary site improvements have been or are being provided.”

14. Definitions within Section 28.211 entitled “Definitions” of the Madison General Ordinances is amended as follows:

“Accessory Dwelling Unit . An additional dwelling unit contained within a single-family dwelling or within a detached building located on the same lot as a single- or two-family dwelling. This definition includes accessory buildings constructed in connection with a private garage or a private garage converted into a dwelling unit. (See Sec. 28.172, "Residential Building Forms.")

Street, Private . A named private right-of-way on a plat designed to public street standards which affords traffic circulation and a principal means of access to abutting property. For the purpose of this ordinance, an alley shall not be considered a private street.

Street, Public . A public right-of-way which affords traffic circulation and a principal means of access to abutting property. For the purpose of this ordinance, an alley shall not be considered a street. Includes officially-mapped streets.”
