EASEMENT DETAILS

NOTES:

- 1) Drainage Arrows
 - a.) Arrows indicate the direction of surface drainage swale at individual property lines. Said drainage swale shall be graded with the construction of each principal structure and maintained by the lot owner unless modified with the approval of the City Engineer. Elevations given are for property corners at ground level and shall be maintained by the lot owner.
 - b.) All lots within this survey are subject to a public easement for drainage purposes which shall be a minimum of 6-feet in width measured from the property line to the interior of each lot except that the easement shall be 12-feet in width on the perimeter of the certified survey map. Easements shall not be required on property lines shared with green ways or public streets. No structures may be constructed within said easement and no other obstructions to drainage, including landscaping are permitted without the prior written approval of the City Engineer.

Note: In the event of the City of Madison Plan Commission and/or Common Council approve re-division of a previously subdivided property, the underlying public easements for drainage purposes are released and replaced by those required and created by the current approved subdivision.

2) Not more than one driveway approach along lot 17 will be constructed along South Point Road, except as may be permitted by the city Traffic Engineer of the City of Madison.

3) PER RECORDED PLAT: All lots within this plat shall infiltrate stormwater run-off in accordance with guidelines of the City Engineer.
