Dear Transportation Commission,

If the median is widened to narrow NB Whitney Way, then where is the AAA bike facility going to go?

Odana is classified as a Community Connector according to Complete Green Streets, which is supposed to have "on-street bike facilities"; where are the on-street bike facilities, in the section of Odana approaching / passing through this intersection?

Will the city uphold its ordinances / policies / Vision Zero goals on this project?

Thank you,

Nick Davies
