

**Project Name & Address:** 999 S Park Street

**Application Type:** Demolition Historic Value Review

**Legistar File ID #** [91238](#)

**Prepared By:** Heather Bailey, Preservation Planner, Planning Division

**Date Prepared:** January 7, 2026

## Summary

### Relevant Ordinance Section:

28.185(7) Review for Historic Value. Every application for demolition or removal of a principal structure shall be reviewed by the Landmarks Commission, which shall provide input to the Building Inspection Division regarding the historic value of the property with the building or structure proposed for demolition or removal.

- (a) If the Landmarks Commission determines that the property with the proposed demolition or the structure proposed for removal has no known historic value, the demolition or removal may be approved administratively under sub. (8)(b) below, provided that at least one of the standards for administrative approval have been met.
- (b) If the Landmarks Commission determines that the property with the proposed demolition or the structure proposed for removal has historic value, then the Plan Commission shall approve the demolition or removal under sub. (9) below, after considering input from the Landmarks Commission.
- (c) Nothing in this subsection eliminates the requirement in MGO Secs. [41.09\(1\)\(c\)](#) and [41.12\(3\)](#) that the demolition of landmark structures or structures in historic districts must also be approved by the Landmarks Commission through the issuance of a Certificate of Approval.

### 41.28 HISTORIC VALUE ADVISORY RECOMMENDATION

- (1) Review for Historic Value. Following a review of MGO Sec. 28.185 applications for demolition by the Landmarks Commission and based upon application materials, and a report by the City's Preservation Planner, and any public testimony, the Commission shall review [MGO Sec. 28.185](#) applications for demolition and assign one of the following Categories to each principal building proposed for demolition:
  - (a) Category A Demolitions: denotes that the Landmarks Commission finds that the building has historic value based on architectural significance, cultural significance, historic significance, as the work/product of an architect of note, its status as a contributing structure in a National Register Historic District, listed in the National Register of Historic Places, and/or as an intact or rare example of a certain architectural style or method of construction.
  - (b) Category B Demolitions: denotes that the Landmarks Commission finds that the building has historic value related to the vernacular context of Madison's built environment, cultural practices, or as the work/product of an architect of note, but the building itself is not historically, architecturally or culturally significant.
  - (c) Category C Demolitions: denotes that the Landmarks Commission finds that the building has no known historic value. This category may also denote sites or properties that have historic value, and the significance will not be negatively impacted by the removal of the building itself. This category may also include sites or properties that have archaeological or other site findings of significance, but where removal of the building itself will have no impact.
- (2) Presence of Archaeology. When applicable, each finding shall also note the presence of an archaeological or burial site on the site of the building proposed for demolition.

### **999 S Park Street**

Commercial building constructed in 1970, per the Assessor.

Google Streetview

Google Earth

**Applicant:** Michael Carlson, Threshold Development

**Applicant's Comments:** The existing building is a single-story utilitarian structure that formerly served as an ambulance bay facility for a nearby hospital. We propose to demolish this structure and construct a new four-story mixed-use building combining approximately 50 residential units with approximately 4,000 square feet of street-facing commercial and retail space.

**Staff Findings:** There is no preservation file or State site file. The building is not architecturally significant and there are no known historic associations. This property is located within the boundary of the Lakeside Street Camps archaeological site. It does not have a historic designation and is not a human burial site. If any inadvertent discoveries of human remains happen during ground-disturbing activities, all work must cease and the property owner must contact the Wisconsin Office of the State Archaeologist.

**Staff Recommendation:** Staff recommends a finding of (c) no known historic value.
