I live at 29 N 2nd, directly across from the Options building. I am writing to implore the commission to oppose MDC in their attempt to further increase the density of our neighborhood. We've been through this fight before and because of the outcome, lost two great neighbors to other neighborhoods. I'm tired of MDC continually being able to change the rules of the game. I would also be interested if they fulfilled their maintenance obligations to the current tenants of The Avenue. With all of the new development on E. Washington, the city seems unconcerned about the quality of life for those who have established roots, pay mortgages and property taxes.

Thank you,
Mary Abby Bailey
