Page URL: parks/projects/greenside-park-master-plan

Was this page helpful to you? Yes

Why or why not? To my knowledge no one in Bentley Green community feels this is a project beneficial to the city and county community and from the north side no reasonable access would make it access@ble due to the tree lined steep grade if any property was

Hi Sarah,

I wanted to provide some feedback for greenside park as i was not able to attend the meeting.

I think we are in need of a dog park nearby, preferably one that has an open running area as a lot of people in the neighborhood have high energy dogs.

A connection to the bike trails/ lanes would be optimal. Also, with so many young families in the area i think we could really benefit from family friendly play and picnic areas.

Thank You,

Michelle
