

## City of MADISON ACTION ITEM DETAIL

April 29, 2026

**ACTION TITLE:** Metro Transit – 2026 Bus Stop Updates

**PRESENTER:** Tim Sobota, Mike Cechvala

**CONTACT FOR QUESTIONS:** Mike Cechvala

**ACTION SUMMARY:** Approve a single set of bus stop additions for implementation in May 2026

**BACKGROUND/DESCRIPTION:** Metro closed stops at University and Blackhawk in previous years served by Routes R, 28 and 38 due to the need for passengers to cross seven lanes of traffic at one time. Since then, the crosswalk has been rebuilt with a center island refuge. Pedestrians now only need to cross three lanes of traffic at one time.

Crosswalk markings have also been improved. With these crosswalk upgrades in place, an alder has requested that this stop location be reopened.

These reinstated stops are proposed to open on Sunday, May 8.

A map is included in Legistar documents.

**EQUITY GOAL IMPACTS:** Stop access is improved in the area.
