Subject: Deferral of Joint Storage Facility action to the June 7, 2011 Council Meeting

Anita,

The Department of Administration would like to have the City Council agenda item regarding the rezoning of 402 Troy Drive in Madison (for the Joint Storage Facility) deferred to the Common Council meeting of June 7th, 2011. Please let me know if you would support this deferral.

This will give DOA time to respond to the questions that you and the neighborhood asked at the public hearing on May 5th, 2011.

DOA, Wisconsin Historical Society and the Department of Veterans Affairs along with our consultants are putting together answers to the questions you had sent us. We would like to contact you for a meeting when we have the answers completed. At that time we would review with you the communication regarding all this information and determine how it can best be distributed.

This will give time for people interested to review the information prior to the June 7th, 2011 City Council meeting.

Thank you in advance for your assistance in getting the information out and clarified regarding this project to the neighborhood.

Bill
