Madison , Wisconsin. 53705 Yes, by email. neb8x8@gmail.com District 19 University Row project My wife and I have lived in Indian hills for over 52 years and we are vehemently opposed to any new development in this area. These high building projects and the University's voracious appetite for growth is ruining the culture of this area. As usual, my opinion probably won't matter. I'm not as big as the businesses and the university. Ask yourself, what is the economy for, anyway.
