

Dear ALRC Committee:

I am writing this Letter of Recommendation for Jennifer Wallace.

Jennifer is my daughter. I have been with her during all of the different stages of her life. She went through a rough stage in her life at which time she was drinking alcohol a lot. Thankfully those days are long gone.

Jennifer has been clean and sober for many years. She has gotten her Bachelor's degree in Business and Leadership. She has a job that she loves and helps me at my daycare often. I highly recommend she is able to acquire this license and see no concerns whatsoever.

Thank you for your time!
