**Subject:** FW: Plan Commission Meeting on Feb 10, Monday at 530 p at 210 MLK Blvd, City County Building room 201

My husband and I are not able to attend the meetings due to health issues right now and personal obligations. Therefore I am writing because apparently we are not the only ones against roundabouts at Packers and Aberg Avenues. I hope you are listening to the overwhelming majority who do not want the roundabouts. (I saw in the Northside news that the overwhelming majority of attendees of your meetings do NOT want the roundabouts.) The current traffic lights work extremely well so we are hoping you will leave things as they are there.
