Greetings Alders,

Here are a few more signed notes in support of the River regarding Tuesday's vote.

Also wanted to share with you a testimonial we just received from one of our ePantry clients:

Good afternoon! I know you're still very busy but I wanted to take a minute to thank you again and let you know of the impact that you've made on my heart. I've had some really rough times lately and when it seems like nothing is going right I get this huge blessing from you today. Thank you for giving me hope for my soul and food for our bellies! We include you in our prayers of thanksgiving!

This is why we do what we do and this is why we need the funding to support more individuals and families like this one.

We would welcome the opportunity to show you around The River, just reach out to myself and/or our executive director, Rhonda Adams.

Thanks much,

Monica

Monica Wahlberg

Please Support The River With Me!

Dear Alder,

I wish to express my enthusiastic support of the proposed 2023 budget amendment, sponsored by Alders Myadze, Tishler, and Carter, allocating \$1 million to the construction of a larger, more efficient facility for The River Food Pantry on Madison's north side. A well-established organization with a proven track-record, The River is a key support for thousands of residents throughout the greater Madison area struggling with food insecurity. Moreover, the majority of the 11,000+ people who use the pantry's services reside in areas that the City of Madison itself has identified as Food Access Focus Areas (i.e., "food deserts").

By owning their facility, The River will be able to 1) ensure the long-term stability of the community support they provide and 2) substantially improve the overall capacity and efficiency of their operations. The proposed facility would more than double the pantry's operational space and provide the sustainable infrastructure needed to support The River's growing programs well into the future. Thus, investing in this project is not just about avoiding the loss of current services—it is about expanding these benefits to even more Madisonians.

I urge you to support this funding amendment, which will mean so much to me and my family.

Sincerely,

Please Support The River With Me!

Dear Alder,

I wish to express my enthusiastic support of the proposed 2023 budget amendment, sponsored by Alders Myadze, Tishler, and Carter, allocating \$1 million to the construction of a larger, more efficient facility for The River Food Pantry on Madison's north side. A well-established organization with a proven track-record, The River is a key support for thousands of residents throughout the greater Madison area struggling with food insecurity. Moreover, the majority of the 11,000+ people who use the pantry's services reside in areas that the City of Madison itself has identified as Food Access Focus Areas (i.e., "food deserts").

By owning their facility, The River will be able to 1) ensure the long-term stability of the community support they provide and 2) substantially improve the overall capacity and efficiency of their operations. The proposed facility would more than double the pantry's operational space and provide the sustainable infrastructure needed to support The River's growing programs well into the future. Thus, investing in this project is not just about avoiding the loss of current services—it is about expanding these benefits to even more Madisonians.

I urge you to support this funding amendment, which will mean so much to me and my family.

Sincerely,

Joyce Brischke

Dear Alder,

I wish to express my enthusiastic support of the proposed 2023 budget amendment, sponsored by Alders Myadze, Tishler, and Carter, allocating \$1 million to the construction of a larger, more efficient facility for The River Food Pantry on Madison's north side. A well-established organization with a proven track-record, The River is a key support for thousands of residents throughout the greater Madison area struggling with food insecurity. Moreover, the majority of the 11,000+ people who use the pantry's services reside in areas that the City of Madison itself has identified as Food Access Focus Areas (i.e., "food deserts").

By owning their facility, The River will be able to 1) ensure the long-term stability of the community support they provide and 2) substantially improve the overall capacity and efficiency of their operations. The proposed facility would more than double the pantry's operational space and provide the sustainable infrastructure needed to support The River's growing programs well into the future. Thus, investing in this project is not just about avoiding the loss of current services—it is about expanding these benefits to even more Madisonians.

I urge you to support this funding amendment, which will mean so much to me and my family.

Sincerely,
