RE: Legistar #57101; Accela ID: 'LNDUSE-2019-00089' -- Approval of a Conditional Use for a school to allow elementary school classrooms to be added in an existing daycare in the Traditional Residential - Consistent 1 (TR-V1) District at 2012 Fisher Street.

Dear Mr. Ramakrishnan:

At its September 16, 2019 meeting, the Plan Commission, meeting in regular session, found the standards met and **approved** your conditional use request for a school to allow elementary school classrooms to be added in an existing daycare in the Traditional Residential - Consistent 1 (TR-V1) District at **2012 Fisher Street**, subject to the conditions below. In order to receive final approval of the conditional use, and for any permits to be issued for your project, the following conditions shall be met:

Please contact Jenny Kirchgatter of the Zoning Division at 608-266-4429 if you have any questions regarding the following three (3) items:

1. Bicycle parking shall comply with the requirements of Sections 28.141(4)(g) and 28.141(11). Provide a minimum of nine (9) short-term bicycle parking stalls for the daycare and school uses located in a convenient and visible area on a paved or impervious surface. Bicycle parking shall be located at least as close as the closest non-accessible automobile parking and within one hundred (100) feet of a principal entrance. Note: A bicycle stall is a minimum of two (2) feet by six (6) feet with a five (5) foot wide access area. Provide a detail of the proposed bike rack.
2. Show the existing trash enclosure area on the site plan. All developments, except single family and two family developments, shall provide a refuse disposal area. Such area shall be screened on four (4) sides (including a gate for access) by a solid, commercial-grade wood fence, wall, or equivalent material with a minimum height of six (6) feet and not greater than eight (8) feet. Submit a photo or detail of the trash enclosure.
3. Per Section 28.186(4)(b), the property owner or operator is required to bring the property into compliance with all elements of the approved site plans by the date established by the Zoning Administrator as part of the site and building plan approval. Work with Zoning staff to establish a final site compliance date.

Please contact Brad Hofmann of the Forestry Division at (608) 267-4908 if you have questions regarding the following two (2) items:

4. Existing street trees shall be protected. Please include the following note on the site plan: Contractor shall install tree protection fencing in the area between the curb and sidewalk and extend it at least 5 feet from both sides of the tree along the length of the terrace. No excavation is permitted within 5 feet of the outside edge of a tree trunk. If excavation within 5 feet of any tree is necessary, contractor shall contact City Forestry (266-4816) prior to excavation to assess the impact to the tree and root system. Tree pruning shall be coordinated with City Forestry prior to the start of construction. Tree protection specifications can be found in section 107.13 of City of Madison Standard Specifications for Public Works Construction <http://www.cityofmadison.com/business/pw/documents/StdSpecs/2018/Part1.pdf>. Any tree removals that are required for construction after the development plan is approved will require at least a 72 hour wait period before a tree removal permit can be issued by Forestry, to notify the Alder of the change in the tree plan.
5. An existing inventory of trees (location, species, & DBH) and any tree removal plans (in PDF format) shall be submitted to the plans and Brad Hofmann – bhofmann@cityofmadison.com or 266-4816. All proposed street tree removals within the right of way shall be reviewed by City Forestry. Approval and permitting of street tree removals shall be obtained from the City Forester prior to the approval of the site plan.

Specific questions regarding the comments or conditions contained in this letter should be directed to the commenting agency.

Please now follow the procedures listed below for obtaining your conditional use:

1. Please revise your plans per the above conditions and submit **eight (8) copies** of a complete, fully dimensioned and scaled plan set to the Zoning Administrator for final review and comment. Also be sure to include any additional materials requested by these departments for their approval prior to sign off. The final site plan shall be accompanied by the appropriate site plan review application and fee pursuant to Section 28.206 of the Zoning Code, and any other documentation requested herein with the Zoning Administrator, 215 Martin Luther King Jr. Boulevard. **This submittal shall all also include one complete digital plan set in PDF format.** The sets of final revised plans or documents will be circulated by the Zoning staff to the City department staff listed above for their final approval.
2. This property is not in a wellhead protection district. All wells located on this property shall be abandoned if no valid well operation permit has been obtained from the Madison Water Utility.
3. This letter shall be signed by the applicant to acknowledge the conditions of approval and returned to the Zoning Administrator when requesting conditional use approval.
4. The approval is valid for one (1) year from the date of the Plan Commission approval. During this time, the applicant must either lawfully commence the use or obtain a building permit and begin erecting the building. If the applicant obtains a valid building permit, construction must commence within six (6) months of the date of issuance. The building permit shall not be renewed unless construction has commenced as is being diligently prosecuted.

5. Any alteration in plans for a proposed alternative use shall require Plan Commission approval, except for minor alterations. The Zoning Administrator may issue permits for minor alterations or additions which are approved by the Director of Planning and Community and Economic Development and are compatible with the concept approved by the City Plan Commission and the conditional use approval standards.
6. The Plan Commission retains continuing jurisdiction over all conditional uses for the purpose of resolving complaints against all previously approved conditional uses.

If you have any questions regarding obtaining your conditional use or building permits, please contact the Zoning Administrator at (608) 266-4551. If you have any questions or if I may be of any further assistance, please do not hesitate to contact my office at (608) 261-9135.

Sincerely,

Chris Wells
Planner

cc: Jenny Kirchgatter, Zoning
Brad Hofmann, Forestry

I hereby acknowledge that I understand and will comply with the above conditions of approval for the conditional use permit.
