**Subject:** **Substitute Resolution for Item 42,  
A Substitute Resolution Approving Plans and Specifications .... For Raymond Road and  
South Gammon Road Resurfacing – 2010**

I request that the Common Council consider approval of the attached substitute resolution. The purpose of the resolution is to add the resurfacing of Mid Town Road to the resolution. Mid Town Rd is located both in the City of Madison and the Town of Verona and the road is in poor condition.

Please note the following:

1. The 2010 Capital Budget Major Street Item 39 anticipated the resurfacing of this section of Mid Town Rd along with the other street segments listed in the resolution. Additional funds are available from the resurfacing fund (Pavement Management).
2. The resurfacing of Mid Town Rd was not included in the initial resolution because discussions with Verona did not reach an agreement acceptable to both parties.
3. We believe a high percentage of the traffic on Mid Town Road is City of Madison residents.
4. This week, we proposed to the Town of Verona an interim project to resurface Mid Town Rd at the current width. This project is less costly than had been initially proposed.
5. The City also proposed to the Town of Verona to pay one half of the cost of the resurfacing for the portion of the roadway that lies within the Town of Verona.
6. The Cost to the Town of Verona is approx \$20,000. The total cost shown on the original resolution is sufficient to cover the additional street area so no adjustment in total project cost is required.
7. If the Town of Verona does not participate, the portion of Mid Town Rd that lies within the Town of Verona will be deleted from the project.

Please feel free to contact me if you have any questions.

Sincerely,  
  
Robert F Phillips, City Engineer
