Subject: Preserve 100 Block

Dear Mr. Martin:

I am writing to voice my support for preserving the buildings on the 100 block of State Street and the Stark building on Fairchild and Mifflin Street. While I recognize the need to address deterioration in some of the buildings, I believe that such issues can be addressed in a manner that preserves the historic buildings.

The 100 block and Stark buildings are vital parts of Madison's heritage. I welcome the Frautschi's commitment to downtown improvement, but I think that a solution can be found that improves the area without diminishing the historic features.

Regards,

Steve Steinhoff 1219 Spaight St., Madison
