Hello ALRC members,

I'm writing about one of the alcohol license requests on your agenda tonight that's located in my district. My apologies for the late email! The East MPD analysis unit reviewed calls for service data over the last couple of years for a few locations in the East District. I understand that the 4102 Commercial Ave location in my district stands out with many disturbance, check person, and check property calls. My thanks to MPD for checking the data. My hope is that, if ALRC grants the requested license at 4102 Commercial Ave license, you do so by adding conditions that hopefully make these events less likely to involve alcohol. Specifically, I'm interested in a condition preventing the sale of single bottles and cans, and perhaps other conditions that you all consider helpful in these cases in your experience with license requests in sensitive areas of the City.

Thank you all for your service to our community!

Derek
