WPCRC Facility Manager Report

July 19, 2022

Facility

- May 5th the City released a Request for Proposals (RFP) for the Warner Park Community Recreation Center expansion project.
 - *The RFP is to hire a multi-disciplinary consultant team to lead community engagement and the design of the expansion. Engineering Facilities Management worked closely with WPCRC leadership in tailoring the consultant scope to meet the project's unique needs. The RFP scope of work includes community outreach, design development, public works bidding, and construction oversight.*

Staff updates

- Increased need for Gym/Game Room Attendant position is needed Monday – Saturday through June 10th
 - *To include staff whom have traditionally only worked with Maintenance or Front Desk. This will both allow part-time staff to build their capacity for work within WPCRC and also support our growing KNOW program through the school year.*
- WPCRC is in need of three Building Attendant hires as we are losing several staff at the end of July and into early August.
