5:45 pm – 8:30 pm (includes set-up and take-down)

February 17, 2017

Mr. John Wyngaard
Great Dane Velo Club
Madison, Wisconsin

Dear John:

University Research Park, Inc. grants permission to the Great Dane Velo Club for bicycle races on April 2 and April 8, 2017. I understand that the races require the closing of South Rosa Road, Charmany Drive and a portion of Research Park Boulevard on those days.

In addition, the club has permission to use the same route for Wednesday night training races for the months of May (if Club determines that weather will permit) June, July and beginning of August.

There are a few things we require from your group going forward.

Volunteer Guards: Please educate your volunteer guards to permit access to Park buildings at safe times during the races. This is to be done in a timely manner and to wait no longer than a couple minutes for bikes to pass. It's important to our growing technology companies that they have 24/7 access to their facilities. Most folks working in the park have been around the races and know how to drive cautiously.

Parking: All cars are to be parked at the following location parking lots: 505 S. Rosa Road/510 Charmany Drive or 500-504 S. Rosa Road. There is to be no parking on boulevards, sidewalks or other lots in the park. Please do not block driveways for employees will need to enter and exit their lots at all times.

Restrooms: There needs to be an ample number of portable restrooms for attendees to use during the day and evening trials. They should be clearly marked and easily be found.

We would also appreciate a copy of the insurance certificate with University Research Park and the University of Wisconsin System, Board of Regents named as additional insured. As we recall, the insurance is through the national cycling association.

Sincerely,

Paul Muench
Associate Director
University Research Park

510 Charmany Drive
Suite 250
Madison, WI 53719

OUTDOOR SPECIAL EVENT EMERGENCY ACTION PLAN (EAP) TEMPLATE

I. GENERAL

The Great Dane Velo Club Criteriums bicycle races will be held on April 10 and April 17, 2016, from 7 am to 6 pm, at the UW Research Park (see provided map).

The Madison Practice Criteriums bicycle practice races will be held every Wednesday starting May 3 through August 23, 2016, from 5:45 pm to 8:30 pm, at the UW Research Park.

II. PURPOSE

- A. This emergency action plan predetermines actions to take before and during the “Great Dane Velo Club Criteriums/ Madison Practice Criteriums” (hereinafter referred to as the event) in response to an emergency or otherwise hazardous condition. These actions will be taken by organizers, management, personnel, and attendees. These actions represent those required prior to the event in preparation for and those required during an emergency.
- B. Flexibility must be exercised when implementing this plan because of the wide variety of potential hazards that exist for this event. These hazards include, but are not limited to, Fire, Medical Emergencies, Severe Weather, or situations where Law Enforcement is required.

III. ASSUMPTIONS

The possibility of an occurrence of an emergency is present at this event. The types of emergencies possible are various and could require the response of Fire & Rescue, Emergency Medical Services, and Police.

IV. BASIC PLAN

A. Emergency Action Plan (EAP) Event Representative

1. The EAP event representative will be identified as the point of contact for all communications regarding the event. This person is identified as PRIMARY CONTACT: Eric Staats.

B. Emergency Notification

1. In the event of an emergency, notification of the emergency will be through the use of 911. The caller should have the following information available to the 911 operator: nature of emergency, location, and contact person with callback number.
2. We will not have on-site EMS
3. We will not have on-site Police or Security

C. Severe Weather

1. Weather forecasts and current conditions can be monitored through the National Weather Service's Madison Weather Forecast web site at <http://forecast.weather.gov/MapClick.php?CityName=Madison&state=WI&site=MKX&textField1=43.0798&textField2=-89.3875&e=0>
2. Before the event - If severe weather is predicted prior to the event, the EAP event representative will evaluate the conditions and determine if the event will remain scheduled. The EAP event representative or his/her designee will be identified as such ([Eric Staats](#)) and will be responsible to monitor the weather conditions before and during the event.
3. During the event - If severe weather occurs during the event, the EAP event representative or his/her designee ([Eric Staats](#)) will make notification to those attending the event that a hazardous weather condition exists and direct them to shelter.
4. There are very limited provisions for sheltering participants in the event of severe weather.
5. This event will follow the 30-30 Rule for lightning. If lightning is observed and thunder is heard within 30 seconds, the event will be delayed until 30 minutes have passed since thunder was last heard.

D. Fire

1. If a specific hazard has been identified as an increased risk of fire at this event, event manager will work with the Fire Department to determine how to address the hazard.
2. All event staff will be instructed on the safe use of Portable Fire Extinguishers.
3. If cooking is intended, you must contact the fire department and -

- a) Must have a valid fire extinguisher, 2A10BC
 - b) Each space is allowed 1 LP tank per cooking device.
All LP tanks are to be secured in an approved manner
(tied, strapped, chained, etc.)
 - c) No cooking shall be allowed under a tent. Cooking
shall be a minimum of 20' away from tents/canopies.
 - d) Cooking must be on a non-combustible surface
(grease collection material generally required under
cooking and food service areas)
4. Fire Inspectors may be required to do an inspection of
your event (depends on size and nature of the event),
contact the Fire Department for guidelines
- 5 All tents/canopies used for cooking shall have a FLAME
SPREAD Certification attached to the tent.
- 6 Should an incident occur that requires the Fire
Department, 911 will be utilized to request this resource.
The caller should have the following information available
to the 911 operator: nature of emergency, location, and
contact person with callback number.

E. Medical Emergencies

1. As with any outdoor event, there is potential for injury to the
participants. The types of injuries are various and include
those that are heat related as well as traumatic injuries.
2. Event manager shall contact the Fire Department to
determine if there is a need for on-site Emergency Medical
Services at this event.
3. Should an incident occur that requires Emergency Medical
Services to be called to this event, the caller will have the
following information available to give to the 911 Center:
 - a) nature of emergency
 - b) precise location
 - c) contact person with callback number

F. Law Enforcement

1. The need for constant Law Enforcement presence at this
event **has not** been identified. Event manager shall contact
the Police Department to determine if there is a need for Law
Enforcement presence at this event
2. Should an incident occur that requires Law Enforcement, to
be called to this event, the caller will have the following
information available to give to the 911 Center:
 - a) nature of emergency

- b) precise location
- c) contact person with callback number

G. Emergency Vehicle Access

1. Access for Emergency Vehicles will be maintained at all times.
2. 20' Fire Lanes are required to be kept open at events.
3. A 14' minimum height clearance requirement for anything that goes over a street or fire lane
4. Participants and spectators will be directed to park in approved areas and not to obstruct protective features, sidewalks or public thoroughways.
5. Crowd control will be managed by **Eric Staats** (crowds will not be an issue)
6. Parking for vendor and staff vehicles will be on streets surrounding the race course within the UW Research Park area.
7. Parking for attendee vehicles will be on streets surrounding the race course within the UW Research Park area.
