

**CITY OF MADISON
INTER-DEPARTMENTAL
CORRESPONDENCE**

November 18, 2025

To: City of Madison Common Council Alders
From: John Patterson, Chief of Police
Subject: Quarterly Report (3rd, 2025)

This document provides an update on selected MPD topics for the third quarter (July, August, and September) of 2025.

[Please consider the data included in this update as preliminary and subject to modification.](#)

Emergency and Priority Calls

During the 3rd quarter, MPD patrol response was limited to emergency and priority calls 14.4% of the time. This is an increase from the from the 2nd quarter of 2025 when our response time was limited 8.6% of the time. Given the volume of 9-1-1 calls or the severity of calls requiring multiple resources, there were 126 instances where MPD's patrol response was limited. Note that some of these instances did not impact citywide response but were limited to a particular district or area of the city. The 126 instances occurred on 68 dates (some days required limited call response multiple times); this means that at some point on 73.9% of the days during the 3rd quarter MPD patrol response was limited. The 126 instances spanned about 316.9 total hours of limited call response, an average of 2.5 hours per instance.

Significant Incidents

Events involving firearms are considered a significant incident within our stratified policing crime reduction framework. All calls involving a firearm and shots fired are investigated.

Shots Fired –

There were 25 reports of shots fired in July, August and September of 2025. Year-to-date we received 82 reports of shots fired.

Below is a graph showing the year-to-date incidents of shots fired (82) compared to the 3-year-average (117: 2022-2024) by month. Through Q3 we have seen a **30% decrease** in shots fired incidents compared to the 3-year average.

Opiate/Opioid Overdoses –

Officers responded to 53 known opiate/opioid in overdoses in July, August and September of 2025. Year-to-date there have been 140 known opiate/opioid overdoses.

Below is a graph showing the year-to-date incidents of known opiate/opioid overdoses (140) compared to the 3-year-average (209: 2022-2024) by month. Through Q3 we have seen a **33% decrease** in known opiate/opioid overdoses compared to the 3-year average.

There were 4 suspected opiate/opioid overdose deaths in July, August and September of 2025. Year-to-date there have been 15 suspected opiate/opioid overdose deaths.

- [Note that these figures only include opiate/opioid overdose deaths with police involvement and clear evidence of an overdose; the actual figure may be higher].

The Madison Police Department actively seeks opportunities to *divert* and *deflect* individuals from the justice system.

Diversion occurs when police refer individuals to a program or services in lieu of an arrest. Pre-arrest or pre-charge diversion seeks to connect individuals with community-based help, while avoiding a damaging arrest record.

Deflection is community based and entails no criminal justice system involvement beyond an individual’s interaction with a police officer in the field. Police deflection programs aim to reduce crime by connecting people living with mental health struggles or substance use disorder to treatment and recovery resources.

Madison Area Recovery Initiative (MARI) is a program for individuals living with substance use disorders who have committed eligible, non-violent offenses stemming from their disease of addiction. The program offers six months of individualized treatment and coaching to participants. Participants must complete the program for non-prosecution of the charges they would have faced. Eligible charges include possession of drug paraphernalia, possession of a controlled substance, retail theft, prostitution, and theft/burglary if the victim of the theft/burglary agrees to the MARI program being offered.

The **Addiction Resource Team** is multidisciplinary and utilizes a police officer and a Peer Specialist from Safe Communities. The teams follow up with people who have experienced a non-fatal overdose or other precipitating event that brought them into contact with Madison Police or Madison Fire personnel. The purpose is to connect individuals with recovery resources, meet people where they are, and provide harm reduction materials. The team distributes the opioid reversal agent Naloxone and fentanyl test strips on outreach visits.

Robberies –

There were 24 robberies reported in July, August and September of 2025. Year-to-date 70 robberies have been reported.

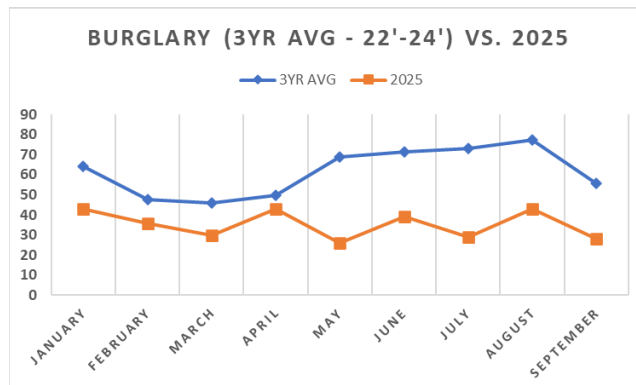

Below is a graph showing the year-to-date reported robberies (70) compared to the 3-year average (97: 2022-2024) by month. Through Q3 we have seen a **28% decrease** of robberies reported compared to the 3-year average.

Burglaries –

There were 100 burglaries reported in July, August and September of 2025. Year-to-date 317 burglaries have been reported.

Below is a graph showing the year-to-date reported burglaries (317) compared to the 3-year average (554: 2022-2024) by month. Through Q3 we have seen a **43% decrease** of burglaries reported compared to the 3-year average.

Stolen Autos –

There were 82 vehicles reported stolen in July, August and September of 2025. Year-to-date 222 vehicles were reported stolen.

Below is a graph showing the year-to-date reported stolen autos (222) compared to the 3-year average (443: 2022-2024) by month. Through Q3 we have seen a **50% decrease** of stolen autos reported compared to the 3-year average.

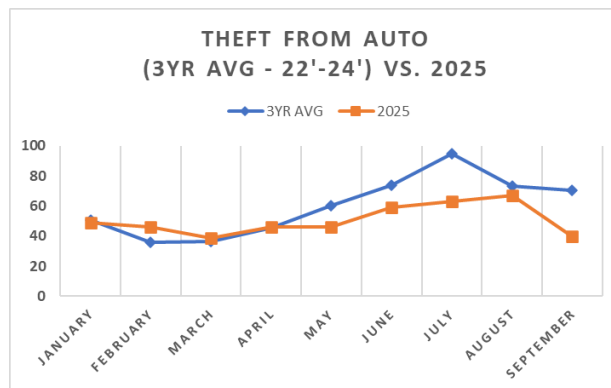

Thefts from Autos –

There were 170 reports of theft from autos in July, August and September of 2025. Year-to-date 455 reports of theft from autos were received.

- MPD encourages everyone in our community to remove valuables from their vehicle, lock their vehicles, and when possible, park near lights.

Below is a graph showing the year-to-date reported thefts from autos (455) compared to the 3-year average (542: 2022-2024) by month. Through Q3 we have seen a **16% decrease** of thefts from autos reported compared to the 3-year average.

Arrest Data

Physical Arrests: Law enforcement physically took someone into custody and transported them to jail.

Citations: This is an administrative arrest. The individual is issued a ticket and promises to appear in court.

In the 3rd quarter of 2025, MPD responded to **37,405 calls for service**. Of this total, there were 1,457 physical arrests and 651 citations issued (Group A and Group B offenses).

These arrest figures are based on that data. Each arrested person with a Hispanic ethnicity will also have a race indicated (from the above options) and reflected in MPD’s crime reporting.

The National Incident Based Reporting System (NIBRS) is used by MPD and follows the standards set by the FBI and Wisconsin Department of Justice. MPD is required to submit incidents and arrests for two different categories. Group A Offenses are reported violations and arrests of state statutes and city ordinances that are grouped into persons crime, property crime, and societal crime categories. Group B Offenses are arrest-only data. Arrests include citations and physical. Group A offenses are more serious crimes such as Murder, Rape, Robbery, etc. Group B offenses tend to be minor in nature, such as Curfew/Loitering/Vagrancy Violations, Disorderly Conduct, Driving Under the Influence, etc. (2023 NIBRS User Manual).

Calls for Services (3rd Quarter, 2025)

There were 37,405 total calls for service in the third quarter of 2025. Here is a breakdown of the incident types:

Diversion Data (3rd Quarter, 2025)

The Madison Police Department actively seeks to divert individuals from the traditional justice system. Diversion occurs when police refer individuals to a program or services in lieu of an arrest and seeks to connect individuals with community-based help and to avoid a damaging arrest record.

These programs are based in restorative justice. Restorative justice seeks to examine the harmful impact of a crime and then determines what can be done to repair that harm while holding the person who caused it accountable for his or her actions. This approach focuses on the needs of victims, respondents, and the affected community. Victims can actively participate in the process. Respondents acknowledge responsibility for their actions. The goals of restorative justice are to repair harm, reduce the risk of re-offense and rebuild community.

The Madison Police Department has two diversion programs oriented around restorative justice.

1. **Community Restorative Court (CRC)** run by Dane County Dept. of Human Services for 17 – 25-year-olds who are cited for disorderly conduct, simple battery, obstructing an officer, damage to property, trespass, or theft (including retail).
2. **Restorative Justice (RJ)** run by the YWCA for 12 – 16-year-olds. Officers are required to refer youth to this program in lieu of a municipal citation (excluding traffic violations.)

Training

MPD is currently winding down its Fall Professional Development season. MPD personnel engaged in training that incorporated Constitutional Law, report writing, Active Killer response, First Aid and Less-Lethal Tools. Upcoming topics for Fall Sergeant Check-In include Mental Health Systems and Processes, Peer Support updates, Field Training updates, Building a Training Culture and Emergency Management.

Mental Health Update

Update from Sergeant Jared Prado, Mental Health Unit

MPD's Mental Health Unit (MHU) is one of only fifteen Police-Mental Health Collaboration (PMHC) learning sites

selected by the Council of State Governments Justice Center. As a learning site, our unit fields inquiries and hosts visitors from law enforcement agencies around the county who seek support to begin or advance behavioral health units of their own. MPD's MHU has a role in educating internally (within MPD) and also externally.

Internal Engagement

In Q3 of 2025,

- MHOs and LECWs led 20 hours of Crisis Management training within the MPD Pre-Service Academy. This curriculum included coverage of all WI DOJ-mandated learning objectives. It also included: a lived experiences panel, collaboration with NAMI Dane County for the Hearing Voices simulation (more info here: <https://namiwisconsin.org/support-and-education/presentations/nami-wisconsin-hearing-voices/>), and scenario-based training; and
- MHOs and LECWs led 0.5 hours of MHU refresher for Field Training Officers. This took place over the course of three dates, and did not include brand new FTOs.

External Engagement

In **Q3 of 2025**, our **MHU logged 10 instances of community-facing presentations**. These presentations were for Community Organizations or for other Law Enforcement or Government agencies. With those presentations, we provided education to 22 distinct organizations/agencies and reached approximately 217 community members.

Most notably in Q3, MARI did a joint presentation (MPD, Tellurian and Safe Communities) at the Crisis Intervention Conference in Wisconsin Dells. It was an extremely well-attended conference session and included social workers and providers from around the state of Wisconsin, some of whom learned about MARI for the first time.

Thus far in 2025, our **MHU has logged 28 instances of community-facing presentations**. These presentations were for Community Organizations or for other Law Enforcement or Government agencies. With these presentations, we provided education to 77 distinct organizations/agencies and reached approximately 645 community members.

SOP Updates

A number of MPD SOPs were updated during the quarter. Copies showing the changes are attached to this memo as an appendix. Note that all MPD SOPs are reviewed regularly, with the most critical SOPs being reviewed annually. This process typically results in additional SOP changes/updates.

MPD posts drafts of new/revised SOPs on our website before final implementation, to allow for public review and comment.

Defense Logistics Agency/Law Enforcement Support Office (10-33 program)

MPD did not acquire any property through DLA/LESO during the third quarter of 2025.

Traffic Stops

All vehicle traffic stops must be documented in a report, through the Traffic and Citation Software (TraCS), or with a Vehicle Stop Information Form. Investigative traffic stops related to criminal (non-traffic) violations must be documented in a report. Vehicle stops related to traffic violations must be documented by either a TraCS

citation or TraCS warning. The Vehicle Stop Information Form will be used to document a traffic-related vehicle stop if TraCS is unavailable. Completed Vehicle Stop Information Forms should be submitted to the Traffic section via inter-departmental mail or email (PD Traffic Stop Warnings email group).

SUPPLEMENTAL REPORTS

Complete supplemental reports on any follow-up conducted under the original case number.

ATTACHMENTS

Hard copy attachments shall have the case number placed in the upper right hand corner of documents and the most obvious/legible place for non-documents. Electronic attachments can be emailed to pdcaseprocessing@cityofmadison.com

SELF-REPORTING

Self-reporting occurs by call in, walk in, or internet submission. If an officer is dispatched to a call, the officer may not refer the complainant to self-reporting unless approved by the Officer in Charge (OIC) or a supervisor or unless the city has gone to Priority Call Response dispatching.

REQUIRED REPORTS

Employees should complete reports on incidents when circumstances indicate a report is warranted, to include all criminal investigations and reports required by other MPD standard operating procedures (SOP). Employees who do not complete a report must advise the dispatcher that there will not be a report on the case number involved. Nothing in this procedure will prohibit a supervisor from requiring an employee to complete a report on any incident. Computer aided dispatch (CAD)/Mobile Data Computer (MDC) call notes may be used to supplement incident information in situations not requiring a report, but may not be used as a substitute for completing a report.

Employees are not required to complete reports on incidents identified below:

Calls Canceled

Calls canceled by the complainant except robberies, calls to liquor license establishments (bars and restaurants), calls which might have involved physical harm or threat of harm to anyone (e.g., family trouble, crimes against persons, etc.) where the person canceling the call may not be the victim.

Unfounded Calls

Unfounded calls where nothing is located and no new information is received (e.g., a traffic crash where responding officers are unable to locate vehicle or driver).

False Security Alarms

False security alarms from a governmental agency, unless a continuing problem exists. Any alarms that fall within the guidelines of Alarm Response in the Calls for Service (CFS) Dispatch Guidelines SOP. False fire alarms always require a report.

Officers may take enforcement action if appropriate (e.g., driving complaints, extra patrol, etc.).

Simple Conveyances

Unrelated to offense or intoxication.

Traffic Stops

All vehicle traffic stops must be documented in a report, through the Traffic and Criminal Software (TraCS), or with a Vehicle Stop Information Form. Investigative traffic stops related to criminal (non-traffic) violations must be documented in a report. Vehicle stops related to traffic violations must be documented by either a TraCS citation or TraCS warning. The Vehicle Stop Information Form will be used to document a traffic-related vehicle stop if TraCS is unavailable.

Completed Vehicle Stop Information Forms should be submitted to the Traffic section via inter departmental mail or email (PD Traffic Stop Warnings email group).

CITY OF MADISON POLICE DEPARTMENT
STANDARD OPERATING PROCEDURE

Stolen Vehicle Reporting Guidelines

Eff. Date ~~06/15/2020~~ 08/22/2025

Purpose

The purpose of this SOP is to provide guidelines to officers related to the reporting of missing/overdue or stolen vehicles and recovery of stolen vehicles by outside agencies.

Procedure for Stolen Vehicles

In many situations vehicles are being reported as stolen that are, in fact, only missing or overdue. Circumstances may involve the loaning of a vehicle to a friend or relative, while others are “loaned out” or informal “rental type” agreements between the owner and another person for cash, drugs or a service, and the vehicle was not returned in a timely manner.

When officers locate an occupied and/or mobile stolen vehicle, the potential danger to law enforcement and the community is very high, particularly when the case involves suspects who are associated with drug activity. The likelihood that weapons will be present or a high-speed pursuit will result is significant.

WHEN INVESTIGATING THESE INCIDENTS, OFFICERS SHALL ENSURE THE FOLLOWING INFORMATION IS OBTAINED

- Positive identification of vehicle owner.
- Proof of vehicle ownership. (Positive identification of registered vehicle owner through DOT records will suffice.)
- Take vehicle owner statement related to incident.
- Verify/corroborate vehicle owner’s statement to the extent possible.
- ~~Copy of rental agreement from rental agency~~

MISSING/OVERDUE STATUS

When the details of an investigation include any of the following criteria, a vehicle’s status should be titled as “Missing/Overdue:”

- Owner indicates drug-related or other illegal activity was involved and vehicle is missing/overdue less than 72 hours.
- Investigation reveals a strong inference that drug or other illegal activity was involved and vehicle is missing/overdue less than 72 hours.
- Owner indicates the vehicle was “loaned out” or informally “rented” to an individual, but is missing/overdue for less than ten days.
- No threats or weapons involved in incident.

The investigating officer should complete a report on the incident, and broadcast an attempt to locate for the vehicle. The vehicle should not be entered as stolen through DATA/NCIC.

STOLEN STATUS

When the initial investigation demonstrates any of the below listed criteria, a vehicle’s status should be titled as “Stolen.”

- Owner has no idea who took vehicle.
- An individual who is not a regular driver is suspected of taking vehicle without consent and **no** formal rental agreement existed.
- Owner indicates drug-related or other illegal activity was involved and **after** 72 hours the vehicle has not returned.

- Investigation reveals a strong inference that drug or other illegal activity was involved and **after** 72 hours the vehicle has not been returned.
- Owner indicates the vehicle **was** “loaned out” or informally “rented” to an individual and **after** ten days has not been returned.
- Use/threat of force or weapons involved in the incident.
- ~~A rental vehicle, with a written lease or written rental agreement, is not returned upon expiration of the rental agreement.~~

RENTAL VEHICLES

A rental vehicle, with a written lease or written rental agreement, should be listed as stolen if it is not returned after 10 days of the expiration of the rental agreement.

Investigating officers shall obtain a copy of the rental agreement from the rental agency and confirm the terms of the rental agreement prior to listing the vehicle as stolen.

Per state statute 943.20 (1)(e), a person who intentionally fails to return a rental vehicle **after within 10 days** after a written lease or rental agreement has expired is guilty of a Class E felony.

If the signer of the written lease or rental agreement reports the rental vehicle as stolen, officers shall list the vehicle as stolen upon the time of the report.

Procedure for Recovered Stolen Vehicles

The following guidelines were agreed upon by the Dane County Chiefs Association and will be applied to other jurisdictions, as well as our department. These guidelines should help make our response and those of other jurisdictions more consistent and efficient. Please contact your commanding officer if you have any questions.

Occupied Vehicles

If a law enforcement agency locates/observes an occupied vehicle that has been entered as stolen by another Dane County law enforcement agency, the locating agency should take appropriate action to recover the vehicle and apprehend the operators. The locating agency is responsible for the arrest and booking of any suspects located as well as searching the recovered vehicle and collecting any relevant physical evidence.

The locating agency should then contact the entering agency to advise them of the recovery and determine whether the entering agency wishes to interview the arrested persons or take any other investigative steps (i.e. process the vehicle, conduct additional follow up, etc.). If the entering agency determines there is no need for them to respond, the locating agency **may** process the vehicle on their own.

The locating agency should contact the entering agency and **advise them of the recovery so that the vehicle can be removed from NCIC/CIB as stolen. MPD officers shall contact the Dane County Dispatch Center to ensure that the NCIC/CIB stolen vehicle entry has been removed. If the entering agency is not dispatched by the Dane County Dispatch Center, the dispatcher will send a teletype to the entering agency to request that the NCIC/CIB stolen status entry be removed.** The locating agency should obtain the vehicle owner's information from the entering agency and contact the owner to advise him/her of the vehicle's recovery. The locating agency should arrange for the owner to retrieve the vehicle, or arrange for the vehicle to be towed to a secure location. The entering agency is responsible for recording the recovered stolen vehicle as required by Wisconsin State Statute and the F.B.I.'s Uniformed Crime Reporting program.

Unoccupied Vehicles

Upon locating an unoccupied stolen vehicle, the locating agency should secure the vehicle, and contact the entering agency and advise them of the recovery so that the vehicle can be removed from NCIC/CIB as stolen. MPD officers shall contact the Dane County Dispatch Center to ensure that the NCIC/CIB stolen vehicle entry has been removed. If the entering agency is not dispatched by the Dane County Dispatch Center, the dispatcher will send a teletype to the entering agency to request that the NCIC/CIB stolen status entry be removed. The locating agency should then determine whether the entering agency wishes to process the vehicle or conduct any other investigative follow up. If the entering agency determines there is no need for them to respond, the locating agency **may** process the vehicle on their own. The locating agency should obtain the vehicle owner's information from the entering agency and contact the owner to advise him/her of the vehicle's recovery. The locating agency should arrange for the owner to retrieve the vehicle, or arrange for the vehicle to be towed to a secure location. The entering agencies is responsible for recording the recovered stolen vehicle as required by Wisconsin State Statute and the F.B.I.'s Uniformed Crime Reporting program.

The locating agency's officer should route copies of any reports generated from the vehicle recovery to the entering agency.
