**Subject:** support for Univ Corridor Plan

Hi Ruth,

We wanted to give you our formal support for the University Ave Corridor Plan and it moves through the City of Madison for approval.

We were pleased with the community process of gathering feedback and dialogue as the plan was developed, and think the outcome is great. The plan is innovative, creative, and forward thinking in that it enhances the traditions and values of the Regent neighborhood while embracing the student and UW population the area serves.

As residents we feel engaged in making Old Univ Ave a success and look forward to further beautification and small business development.

Best Wishes,  
Amy Thomas  
Adam Halstead  
Chamberlain Ave.

ps We love the idea of a Regent neighborhood welcome sign/arch at the west end of Old University Ave.
