How can anyone think Monona Court can safely handle two way traffic, bikes and pedestrians (with or without dogs), all at the same time? I know it used to be two way because I've lived on Hegg Ave for over 50 years, however times change. Many more residents of the area are walking and biking, using the court as a path rather than a "road". We have enough streets to use for driving - keep the court as the "road less traveled". My vote is to keep Monona Court as one way.

My husband and I have lived in the Monona Court area for almost 48 years on Hegg Avenue. We both feel Monona Court should return to 2 way traffic. One way solves no problems and only causes more problems.

Thank you,

Hi Grant,

I read a bit about the Monona Court petition postcard on the Lake Edge Neighborhood Association Facebook page and your mention in your email today. I live on East Lakeview Ave and walk my dog on Monona Court very often. It is a nice quiet side street and I enjoy that it is a one-way. Living in a neighborhood without sidewalks leaves very few streets where I don't feel I have to be hyper-aware of speeding cars. I have, on a few occasions, pulled my dog into a yard in fear of a car neither slowing down or moving over a bit.

I don't feel changing Monona Court to a two-way street would positively impact our neighborhood. I think the blocks surrounding it are small enough for folks in vehicles to drive around in just a few minutes. I would prefer to stay it one-way and keep traffic to a minimum to help out those biking or walking.

Thank you for your time,  
Kelly Pluemer
