Subject: Temporary Art and Science Exhibit starting in Law Park

Dear Mr. Briski:

I would like to request that I be placed on the agenda to address the Parks Commission at its meeting on April 8th, in order to ask (somewhat belated) permission to install another temporary solar system exhibit, this time starting at Monona Terrace and ending in Mount Horeb. I should have made this request earlier, but I was under the mistaken impression that coordinating with City staff about the bike path was sufficient.

Sincerely,

Nick Schweitzer
