We would like to place 5 tables and 10 chairs on our front patio outside our front windows, this area is covered by a canopy. The area measures 25 feet by 10 feet(see adjoining architectural drawings). We are open from 10AM until 8PM Monday through Saturday, and from 10AM until 2PM on Sundays. Our interior space is 2650 square feet with 44 seats. We currently have 15 employees(5 full-time and 10 part-time). There is no construction necessary to accommodate these tables. The placing of these tables would be within clear view of our staff for monitoring of customers. These tables and chairs would be used only during our normal course of business during normal business hours, and only during warm weather months.
