

PUBLIC NOTICE

In fall 2012, American Transmission Co., via InterCon Construction, will be installing conduit on the north side of Commercial Avenue from the 1800 block of Commercial Avenue heading east to the Wisconsin Department of Transportation/Wisconsin & Southern Railroad right-of-way, then approximately 3900 feet on the railroad right-of-way ending at the 4100 block of Sycamore Avenue.

This conduit will be used primarily for fiber optic cables which will enhance American Transmission Co.'s communication capabilities. Notice is hereby given that there will be a public hearing to discuss the project before the City of Madison Board of Public Works on Wednesday, August 22, 2012, at 5:30 p.m. at the City-County Building, 210 Martin Luther King Jr. Blvd., Room 108.

The conduit will be installed by directional boring to reduce the excavation areas. Restoration of any damage within the limits of the road right-of-way will be completed in accordance with the City of Madison's standard specifications. Traffic will not be significantly affected by this work, but there could be some off-peak hour lane closures.

If any persons have additional questions or concerns regarding this project, please call or email Jon Callaway at jcallaway@atcllc.com or 608-877-3540.
