Racial Equity and Social Justice Initiative RESJ Tool: Fast-Track Version

INSTRUCTIONS

This abbreviated version of the full RESJ Tool is intended for issues on a short timeline or without a widespread impact.

Examples:

- single piece of legislation already drafted and introduced.
- creation of a single position description and job posting for an open position
- development of a single budget item proposal

For broader policies and legislation in its beginning phase, please use the full version of the RESJ Toolkit.

This tool should be completed by people with different racial and socioeconomic perspectives. When possible, involve those directly impacted by the issue. Include and document multiple voices in this process. The order of questions may be re-arranged to suit your situation.

Mission of the Racial Equity and Social Justice (RESJ) Initiative: To establish racial equity and social justice as core principles in all decisions, policies and functions of the City of Madison.

Equity is just and fair inclusion into a society in which all, including all racial and ethnic groups, can participate, prosper, and reach their full potential. Equity gives all people a just and fair shot in life despite historic patterns of racial and economic exclusion (www.policylink.org).

The persistence of deep racial and social inequities and divisions across society is evidence of bias at the individual, institutional and structural levels. These types of bias often work to the benefit of White people and to the detriment of people of color, usually unintentionally or inadvertently.

Purpose of this Tool: To facilitate conscious consideration of equity and examine how communities of color and low-income populations will be affected by a proposed action/decision of the City.

The “*What, Who, Why, and How*” questions of this tool are designed to lead to strategies to prevent or mitigate adverse impacts and unintended consequences on marginalized populations.
