Dear Alder Carter,

I'm writing to encourage you to reject the petition to appeal the Plan Commission's approval of the Movin' Out conditional use permit. I understand that this petition will be presented to the Common Council on Tuesday, March 1. I'm out of town for work and unable to appear and speak on behalf of the Movin' Out project.

Last week I attended the YWCA Circle of Women luncheon. Speakers emphasized in a powerful way the extent of Madison's crisis in affordable housing and the ways in which unstable and unaffordable housing traps people in poverty. The Movin' Out proposals help address this crisis and provide an expanded neighborhood center. They will be good addition to our neighborhood. While the center will not meet everyone's dreams and expectations, it is a creative solution in the face of limited resources.

I regret that I cannot appear on March 1<sup>st</sup> to convey my support in person.

Thank you,
