Hello,

I am a new business owner to the Williamson Street neighborhood, and as our business finishes it's long build-out, and I sit at our front desk looking out onto Willy Street, I can't believe how fast and careless cars drive on this street, despite all of the bikers on the path, pedestrians, and families in the area. With the recent accident at Mother Fools, I worry about our guests, staff, and our business.

I would like you to please consider taking immediate action to address this ongoing danger to local businesses, other drivers, cyclists and pedestrians, including:

- Updating traffic data before the John Nolen reconstruction begins this fall.
- Piloting removal of rush hour lanes on Williamson St.
- Installing safety infrastructure such as raised intersections, bollards, and leading left-turn signals.

Thank you so much,

Roshelle
