## **Opera in the Park**

### **Emergency Evacuation Plan**

In the event that a situation should arise that requires the evacuation of Garner Park, the following plan will be implemented for the purpose of providing a safe and expeditious clearing of spectators and opera participants.

Ultimately, specific situational considerations related to an evacuation may dictate adjustments. Therefore, it is recognized that this plan cannot necessarily apply to every possible situation, but does provide an appropriate emergency evacuation foundation.

#### ***Lost Persons***

Announcements are made from the stage before, during intermission and after the performance informing lost persons to meet their party at the Garner Park Shelter at the top of the hill.

#### ***Communication in the Park***

Announcements are made from the stage before, during intermission and after the performance informing patrons of the location of the first aid station. Patrons needing assistance should send one member of their party to the first aid station for help. The first aid station and the emergency medical team will communicate via radio (provided by the event coordinator). Any other emergency that arises will be communicated via the radios.

#### ***Emergency Evacuation Requiring Shelter***

CUNA has authorized the use of their parking facility in the event a situation should arise requiring immediate evacuation and shelter. CUNA security staff will be available to provide access to this area upon our request. A public address message will be announced directing all persons to move in an orderly fashion to the CUNA complex parking facility located at ground level, immediately west of Rosa Rd and south of Driftwood Ave (Attachment A). All available public safety personnel will be directed to respond and assist with the evacuation.

Just prior to the public address announcement, Opera volunteer staff and Madison Police Officers will be informed to report to the basketball court located on the west side of the park. These personnel will then form a line that will begin on the east side of the basketball court and continue in a westerly direction to the east parking facility overhead door; this line will provide an identifiable path for evacuees to follow to safety. Volunteer staff and police officers should be the last individuals to enter the shelter area. The parking facility will be utilized until an "all clear" notification is received (Attachment B).

#### ***Emergency Evacuation Only***

In the event that a situation should arise that requires the immediate evacuation of the park, Opera volunteer staff and Madison Police Officers will be directed to their post-event assignments. All available public safety personnel will be directed to respond to assist with the evacuation.

A public address message will be announced directing all persons to immediately evacuate the park, return to the vehicles and leave the area (Attachment C). A traffic evacuation plan will be implemented to facilitate the expeditious departure of vehicular traffic (Attachment D). Dependent on the cause of the evacuation, Opera participants and volunteer staff may be asked to leave the area or to stand by and be available at a nearby location. In the event that they are asked to stand by, Opera participants and volunteer staff should move to the most westerly parking lot of the CUNA complex and remain there until directed. In the event that weather or other factors require shelter for these personnel, CUNA staff will be contacted for assistance (Attachment E).

### **Emergency Evacuation Plan**

#### **Volunteer, Staff and Police Information Sheet**

In the event that a situation should arise that requires the evacuation of Garner Park during the event, you will be needed to assist in the process of clearing the area and/or moving spectators and Opera participants to a safe location.

It is important to provide a calm and confident demeanor while the evacuation is underway. Please walk calmly to your assignment. Please maintain a calm demeanor throughout the evacuation process as it will significantly reduce the anxiety of others.

#### ***Emergency Evacuation Requiring Shelter***

In the event a situation should arise that requires the immediate evacuation of the park and moving people to shelter, volunteer staff and police will be directed to report to the basketball court located on the west side of the park.

Volunteer staff and police will then be used to form a line that will run from the basketball court to the CUNA complex east parking facility overhead door.

A public address announcement will notify spectators and opera participants to walk west towards Rosa Rd and the basketball court where opera staff and volunteers will direct them to the CUNA parking facility. Volunteer golf cart drivers should be in their carts and prepared to assist those who may need extra assistance exiting the park.

Personnel should point in the direction of the shelter location while maintaining a calm demeanor. During the time of the evacuation any inquiries by the crowd should be answered with comments encouraging them to continue moving towards shelter.

Volunteers, staff and police officers should be the last individuals to enter the shelter area. The parking facility will be utilized until an "all clear" notification is received.

#### ***Emergency Evacuation Only***

In the event that a situation should arise that requires the immediate evacuation of the park, Opera volunteers, staff and Madison Police Officers will be directed to their post-event assignments. All available public safety personnel will be directed to respond to assist with the evacuation.

A public address message will be announced directing all persons to immediately evacuate the park, return to their vehicles and leave the area. Volunteer staff and police should maintain a calm demeanor and encourage the crowd to continue walking to their vehicles to leave the area.

A traffic evacuation plan will be implemented to facilitate the expeditious departure of vehicular traffic.

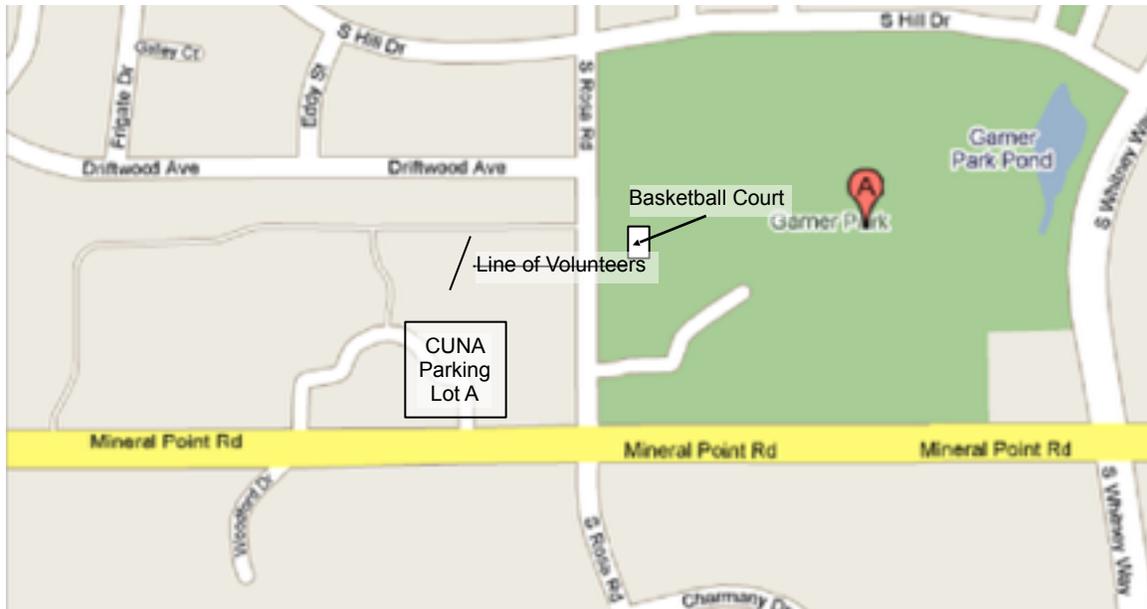

Dependent on the cause of the evacuation, Opera participants and volunteer staff may be asked to leave the area or to stand by and be available at a nearby location. In the event that you are asked to stand by, Opera participants and volunteer staff should move to the most westerly parking lot of the CUNA complex and remain there until directed. In the event that weather or other factors require shelter for these personnel, CUNA staff will be contacted for assistance.

## Public Address Announcements – Opera in the Park

### *Attachment A – Emergency Evacuation Requiring Shelter*

“A tornado warning/severe thunderstorm warning is in effect. Shelter is available in the CUNA complex. Please walk in an orderly fashion towards Rosa Rd and the basketball court where Opera staff will direct you to the CUNA parking facility. Please remain there until notified that the warning has been lifted.”

### *Attachment B – Evacuation Requiring Shelter Diagram*

### *Attachment C – Emergency Evacuation Only*

“Due to circumstances beyond our control we regret to inform you that this event must be cancelled. You must leave the park immediately. Please return to your vehicles in an orderly fashion and leave the area.”
