Staff Response to Infractions

Violation of these rules is misconduct that can result in expulsion from Visitor Center and forfeiture of Visitor Center privileges. Minor violations of these rules will first result in City staff attempting to educate or warn individuals about the policies before enforcing such policies. If an individual continues to violate these policies, City staff may order the individual to leave for the day. However, any conduct that threatens the life or safety of any person or that is damaging to Park property, equipment or facilities may result in immediate expulsion from the Visitor Center premises. Visitor Center staff is authorized to contact the Madison Police Department to respond to such situations. Repeat misconduct or severe offenses (even if a single isolated event) may result in individuals being banned from the Visitor Center from a week to a year. City staff will follow the established procedures below and will call the police for severe or illegal behavior or when an individual refuses to leave when told by City staff to do so.

Banning Procedure

After City staff determines that a person has engaged in severe or repeat misconduct and has determined that the individual involved should be banned:

1. City staff will issue, or cause to be issued, a written ban letter to the individual involved notifying the individual that he or she is banned from the Visitor Center. The letter shall indicate the reasons for the ban and the time period of the ban.
2. City staff will email all appropriate parties with a description of the underlying behavior, the name and description of the banned individual when a banning is executed; so that all City and Visitor Center staff are informed as soon as possible. City staff will also forward a copy of the ban letter and incident report to the Parks Superintendent who will officially inform all staff involved about the reasons for the ban and the length of the ban. After consultation, if the Parks Superintendent agrees with the reasons for the ban and the length of the ban, then the Parks Superintendent shall take no further action. If, after consultation with staff, the Parks Superintendent deems it appropriate to rescind or modify the terms of the ban, the Parks Superintendent shall notify the banned individual, all staff, and the Park Commission President, in writing, about the decision to rescind or modify the ban and specify the reasons for the rescission or modification. The Parks Superintendent shall also notify the banned individual of the process for appealing the ban.
3. The Parks Superintendent will review and may reconsider the decision to ban an individual upon written request of the individual and may shorten or terminate the banning period if information submitted by the individual warrants such modification. The Parks Superintendent may consult with the City Attorney's Office before issuing the response to the banned individual. Until such time as staff banning letter has been reviewed and/or modified by the Parks Superintendent or reversed on appeal by the Board of Park Commissioners, the individual may not enter or use the Visitor Center.
