Subject: 4146 Veith Avenue

Hi Dan:

Thank you for providing drawings of the proposed plans for your addition. As you know, Ron and I own 4141 and 4145 Veith Avenue. We have no objections to the proposed plans.

We do, however, have concerns regarding the potential use of our property by various contractors for parking their vehicles, trailers, etc. We would ask for a commitment on your part to protect our property during the construction of your addition. We do not authorize the use of our property for parking vehicles, materials and supplies. We will be happy to discuss the occasional use of our driveway, as needed, but

there must be communication between you, the contractors and Ron or myself.

Please confirm, in writing, that you understand our concerns and will work with us during the construction of your addition.

Thank you,

Sue Miller

Yes, we have reviewed the plans and all of our questions have been answered. You have addressed if any damages were to happen to our home/property it would be taken care of by you / insurance. A debris fence will be installed. And parking will be addressed if maneuvering my trailer becomes difficult. I agree and wish you the best of luck with your homes new addition.

Permission granted.

Sam Lancaster

Dan

Thanks for the info and sharing your plans.

Janice and I have looked at the documents and have no issues with the plans. Good luck with everything!

see attached plan showing from above, it will be similar to this.

We are excited to get this project started and would love to get the 30 days waived versus waiting until spring to start the work. Would love to do the work now versus the prime summer time when everyone will be enjoying the outside.

Hello neighbors..

need your help on below asap.

We talked to alderman and she is saying:

We need written evidence from our neighbors that they do not object to the plans.

we need from each owner below:

Adjacent and across the street, so 4141, 4142, 4149, and 4150.
