Good Morning Clerk Jim,

My name is Jim Lieck and I live near the neighborhood where the proposed I/O Arcade Bar will be opening. I wanted to send along a quick note expressing my enthusiasm for the proposed business. I think this is a very unique opportunity to open a fun, positive space where adults can gather and enjoy a beer and a game of pinball or Pac Man.

Personally, I have traveled to similar establishments such as Ground Kontrol in Portland, OR and had a wonderful time. Ground Kontrol doesn't feel like a bar, it feels much more like an arcade with beer, if that makes sense. It is a really exciting place and I think it would be a very successful business in the Madison area. I believe that I/O Arcade Bar would have a similar feel.

Mitchell has been nothing but open and honest about his intentions and his proposed business. I really hope his liquor license is approved and we can all soon enjoy a pint, an arcade game, and some fun!

Respectfully,

Jim Lieck
