Al, I am in support of the Holiday Inn Express project.

I have seen the plans and have no major objections, except on an opinion only basis that I am not a fan of the prominent dark gray or black color. I do not think it will stand the test of time and is not entirely in keeping of the aesthetics of the adjacent 660 John Nolen office building, which is part of the 2 lot master plan that the hotel is also part of. Again, my opinion only.

Thanks for the opportunity to comment. Rob
