## Neighborhood Petition Opposing Expansion of Hotel Red (157 signatures)

|  |  |
|--|--|
| <b>Keep "Urban Canyon" away from Monroe Street (aka "Street Canyon")</b> | Monroe Street Commercial District Plan (March 2007) recommends placing limits on a building's height for the entire Monroe Street corridor (All three nodes or sections). Developments having more than 4 stories sets a precedence for any future buildings while also being "out of character" as noted in the plan. All the Monroe St. developments have adhered to the Plan.   |
| <b>Action petitioned for</b>   | We, the undersigned, are concerned citizens who urge our Alderperson Sara Estrich and City of Madison Planning and Development Commission to 1) to uphold the City of Madison's Monroe St. Commercial District plans 2.) by Requiring Hotel Red developers adhere to the existing Monroe Street Commercial District Plan recommendations which places limits on a building's height to 4 stories for each of the Monroe Street corridor nodes. |

**Keep "Urban Canyon" away from Monroe Street (aka "Street Canyon")**  
 Monroe Street Commercial District Plan (March 2007) recommends placing limits on a building's height for the entire Monroe Street corridor (All three nodes or sections). Developments having more than 4 stories sets a precedence for any future buildings while also being "out of character" as noted in the plan. All the Monroe St. developments have adhered to the Plan.

**Action petitioned for**  
 We, the undersigned, are concerned citizens who urge our Alderperson Sara Estrich and City of Madison Planning and Development Commission to 1) to uphold the City of Madison's Monroe St. Commercial District plans 2.) by Requiring Hotel Red developers adhere to the existing Monroe Street Commercial District Plan recommendations which places limits on a building's height to 4 stories for each of the Monroe Street corridor nodes.
