Hi, Jim.

Yes, thanks. Lake Edge Seafood also presented their plan to the Lake Edge Neighborhood Association and the association is in support of that request as am I. Can you relay this to commission members?

On Monday is the Garver/Underground meeting, which feels more controversial. I have heard some initial concerns from neighbors that live across the creek and I look forward to Monday's meeting to get more information.

I will send you feedback on that one as well following Monday's meeting as I will not be able to attend ALRC. Copying Marsha here regarding Garver.
