Re: 104 E. Gilman Street – Information for review at July 23, 2018 Landmarks Commission meeting

Dear Ms. Scanlon:

Per your request, enclosed is a set of color photographs showing the masonry piers that have been added to the front porch of the building at 104 E. Gilman Street. Based on the feedback the owner received from your office last fall, the piers have been stained a solid color that matches the building's original stone façade.

Very truly yours,

CARLSON BLACK O'CALLAGHAN & BATTENBERG LLP
