

Sasaki

Plan related questions:

1. How will the proposed redesigns of the North Shore/John Nolen and South Broom/John Nolen intersections impact the timing and flow of automobile traffic through those intersections?
2. How will the Elevated crossing over John Nolen Drive (connecting to South Hamilton Street) affect the Capitol view from vantage points further South on the John Nolen causeway? (In other words, how tall will the crossing be and how much will it encroach on the existing sightlines?)

If selected to proceed to the next phase:

3. Who will be the key members of your team that will work on the plan refinement phase and identify their roles.
4. Who will be your local liaison?
5. What are your thoughts for public engagement during the plan refine phase?
6. How will your firm's Principals be involved?
7. Identify 1-2 recent projects that you feel most closely resembles your master plan proposal.
8. What is your approach to developing a phasing plan that starts with a first phase that generates excitement and momentum for the entire project? Give us examples.
9. How will you review and potentially integrate concepts from the other plans to take advantage of multiple visions for the project?
10. What is your experience working with public/private partnerships and how do you help to bridge and assist each in achieving the overall mission?
