RE: Revised Petition for Attachment of Territory, Attachment Description, and Attachment Map.

Dear Madam Clerk:

We are the engineering firm for Sugar Land, LLC and James C. Bourne. A revised petition for attachment of territory was submitted to your office, to replace the original petition because of a typographical error in the petition. The original petition had one of the owners of the property listed as "Sugar Maple Development, LLC" and should have been "Sugar Land, LLC". This typographical error was corrected and resubmitted to your office

Please note that legal description and mapping are correct and should be used for this petition for attachment of territory to the City of Madison

Sincerely,

Royal Oak Engineering, Inc.

Eric W. Sandsnes, PLS
Secretary/Treasurer
