Hi Kelli -

We would like to amend the dates for our street use application. We would be canceling the date approved for August 24th and instead doing August 3rd. Same number of dates in total, so this would be everything...

July 20  
July 27  
August 3  
August ~~24~~ 17  
September 29

In order to get on the May 16th meeting, would it be easiest if I just came down to the Parks Department today to get paperwork in order? Thanks. Matt
