NOTES:

1. Notes from the plat of GENESIS:
 - All lots within this Plat shall be subject to public easements for drainage purposes which shall be a minimum of 6 feet in width measured from the property line to the interior of each lot except that the easements shall be 12 feet in width on the perimeter of the Plat. For purposes of two (2) or more lots combined for a single development site, or where two (2) or more lots have a shared driveway agreement, the public easement for drainage purposes shall be a minimum of six (6) feet in width and shall be measured only from the exterior property lines of the combined lots that create a single development site, or have a shared driveway agreement, except that the easement shall be twelve (12) feet in width along the perimeter of the Plat. Easements shall not be required on property lines shared with greenways or public streets. No buildings, driveways, or retaining walls shall be placed in any easement for drainage purposes. Fences may be placed in the easement only if they do not impede the anticipated flow of water. In the event of a City of Madison Plan Commission and/or Common Council approved re-division of a previously subdivided property, the underlying public easements for drainage purposes are released and replaced by those required and created by the current approved subdivision.
 - The intra-block drainage easements shall be graded with the construction of each principle structure in accordance with the approved storm water drainage plan on file with the City Engineer and the Zoning Administrator, as amended in accordance with the Madison General Ordinances.
 - No building shall be constructed with a low window or door opening below elevation 861.00 feet.
 - Buildings shall not be constructed nor elevations altered within all private stormwater management easements.
 - All the lots within this subdivision are subject to impact fees that are due and payable at the issuance of building permits.
 - This subdivision is located in Urban Design District 1 which will require urban design commission approval prior to the issuance of building permits for individual lots.
 - Access Restriction: Access to U.S.H. 12 is controlled by WISDOT project: CA04-2(1). Access is restricted by WISDOT Project F04-2(31)
All lots and blocks are hereby restricted so that no owner, possessor, user, licensee, or other person may have any right of direct vehicular ingress from or egress to any highway lying within the right-of-way of U.S.H. 12/U.S.H. 18; it is expressly intended that this restriction constitutes a restriction for the benefit of the public as provided in section 236.293, Wisconsin Statutes, and shall be enforceable by the Department or its assigns. Any access shall be allowed only be special exception. Any access allowed by special exception shall be confirmed and granted through the driveway permitting process and all permits are revocable.
 - Highway Setback Restriction: No improvements or structures are allowed between the right-of-way and the highway setback line. Improvements and structures include, but are not limited to signs, parking areas, driveways, wells, septic systems, drainage facilities, buildings and retaining walls. It is expressly intended that this restriction is for the benefit of the public as provided in section 236.293, Wisconsin Statutes, and shall be enforceable by the Wisconsin Department of Transportation or its assigns. Contact the Wisconsin Department of Transportation for more information. The phone number may be obtained by contacting the County Highway department.
 - Noise Restriction: The lots of this land division may experience noise at levels exceeding levels in s. Trans 405.04, Table 1. These levels are based on federal standards. The Department of Transportation is not responsible for abating noise from existing state trunk highways or connecting highways, in the absence of any increase by the department to the highway's through-lane capacity.
2. This Certified Survey Map is subject to the following Documents:
 - 50' Highway Setback line, public storm water drainage easement, 65' private stormwater management easement, access limitation and notes and other matters shown on the recorded plat of Genesis and Certified Survey Map No. 12423. (Information pertaining to Lots 11, 12, 13 and 14 of Genesis plat has been shown hereon)
 - Declaration of Conditions, Covenants and Restrictions recorded as Doc. No. 4772072. (General in nature, not plottable, refer to document)
 - Declaration of Conditions, Covenants and Restrictions recorded as Doc. No. 4772073. (General in nature, not plottable, refer to document).
Release of part of the Declaration recorded as Doc. No. 5367923 and Affidavit of Correction recorded as Doc. No. 5368624. (Not plottable, refer to documents)
 - Declaration of Conditions and Covenants recorded as Doc. No. 4874294. (General in nature, not plottable, refer to document)
 - Declaration of Stormwater Management Easement recorded as Doc. No. 5199214. (General in nature, not plottable, refer to document)
 - Partial Plat Restriction Amendment recorded as Doc. No. 5231708. (Not plottable. This document modifies the restriction to the note on the plat regarding low window or door openings. This modified restriction applies to Lots 11 and 12 of Genesis plat)
