Dear Madison Alderperson:

We the undersigned Madison residents, hereby announce our opposition to the proposal: "Amending Madison's 2005-2006 Program Funding Framework for Community and Neighborhood Development to permit programs funded through the City CDBG Office for homebuyer, rehab, and rental housing development to offer assistance to undocumented immigrants who otherwise meet the guidelines for those programs, and authorizing the City funded rehab loans to undocumented immigrants." Our opposition stands on the following issues:

1. It is illegal for undocumented aliens to obtain a social security number and a driver's license, why should they be able to use subsidies for a house prior to becoming citizens?
2. The Immigration Reform and Control Act of 1986 prevents companies from hiring undocumented aliens. The city of Madison lists this in their job position descriptions. Therefore it is hypocritical to say you can not hire them for work here in the city of Madison, yet you will offer them housing assistance.
3. Not once was this policy issue brought before the constituents of your districts. You were elected by the documented residents of the city of Madison to represent us.
4. Alderperson Konkell has taken on a crusade to prosecute individuals for not registering as lobbyists here in Madison. Since these "Undocumented Immigrants" are living here in this city ILLEGALLY should we not be enforcing this violation instead of presenting them with loans?

These signatures were collected personally at the individual's homes and at businesses located on the North Side of Madison. I can not be here tonight to speak to you or present these personally. Please listen to our voices and vote NO on this proposal.
