(2) Components for the Gray Box Space (defined below) as described in the Approved Plans (defined below)

(b) Parking Ramp. The Parking Ramp Development shall consist of the following Project Elements to be constructed (or work to be completed, as applicable) by the City at its sole cost and expense, except only for reimbursement items identified on Exhibit E, to be reimbursed by Developer to City pursuant Section 2.2(c) of this Agreement:

(1) demolition of the existing parking ramp and other improvements, if any, located on the Property as of the Effective Date;

(2) construction on the City Parcel (as defined below) of the Parking Ramp in accordance with the Approved Plans (as defined below) which will consist of (i) approximately [500] parking stalls, of which [80] stalls will be private parking stalls reserved in perpetuity for the exclusive use of the owner of the Private Development Parcel, and its tenants and permittees without charge, except as described in the Condominium Documents, payable to the City or any subsequent owner of the Parking Ramp pursuant to the terms of a parking easement; and (ii) an intermodal transit station with three (3) stalls for bus parking;

(3) construction of gray box space for the Lake Street liner units and the lobby of the future Residential Building (such space, the “Gray Box Space”) completed to the standard set forth on Exhibit E, provided that upon recording of the Condominium Documents, the Gray Box Space shall be a part of the Residential Building; and

(b) Bidding. No portion of the Private Development shall be construed as “public construction” and, as such, Developer shall not be required to comply with Wisconsin law governing public construction, including but not limited to Wis. Stat. §§ 62.15, 66.0901 and 779.14.

(c) Special Provisions. The Private Development design and construction shall be LEED Silver certified by the United States Green Building Council. All costs of design and construction and approvals required for such certification shall be borne by the Developer.

ARTICLE VI

CONTRACT COMPLIANCE PROVISIONS

The following provisions shall be incorporated in the City Funding documents, but Developer agrees and understands that in order to comply with these Contract Compliance Provisions, Developer must proceed in accordance with this Article VI in advance of execution of this Development Agreement. These requirements shall apply only to the design and construction of the Parking Ramp.

Section 6.1. Accessibility Accommodations. Developer agrees to ensure the Private Development will be accessible to persons with physical disabilities in compliance with Section 39.05 of the Madison General Ordinances and the Americans with Disabilities Act, where applicable.

Section 6.2. Non-Discrimination. Developer further agrees not to discriminate against any subcontractor or person who offers to subcontract on this Agreement because of race, religion, color, age, disability, sex, sexual orientation, gender identity, or national origin.

Section 6.3. Ban The Box. Arrest and Criminal Background Checks. (Sec. 39.08, MGO. Applicable to contracts exceeding \$25,000.)

“Conviction record” includes, but is not limited to, information indicating that a person has been convicted of a felony, misdemeanor or other offense, placed on probation, fined, imprisoned or paroled pursuant to any law enforcement or military authority.

“Background Check” means the process of checking an applicant’s arrest and conviction record, through any means.

B. **Requirements.** For the duration of this Agreement, the Developer shall:

1. Remove from all job application forms any questions, check boxes, or other inquiries regarding an applicant's arrest and conviction record, as defined herein.

 4. Make information about this ordinance available to applicants and existing employees, and post notices in prominent locations at the workplace with information about the ordinance and complaint procedure using language provided by the City.
 5. Comply with all other provisions of Sec. 39.08, MGO.
- C. Exemptions: This section does not apply when:

Hiring a position for which information about criminal or arrest record, or a background check is required by law to be performed at a time or in a manner that would otherwise be prohibited by this ordinance, including a licensed trade or profession where the licensing authority explicitly authorizes or requires the inquiry in question.
 3. The contractor is identified by the City as being subject to the Vulnerable Populations Resolution adopted by the Common Council on May 21, 1996 (Substitute Resolution No. 53, 279.)

To be exempt under sec. C. 1. or 2. above, Developer must demonstrate to the City that there is a law or regulation that requires the hiring practice in question. If so, the Developer is exempt from this section for the position(s) in question.

Section 6.4. Workforce Utilization. Developer agrees that, within thirty (30) days after the commencement of construction of the Private Development, Developer will provide to the City of Madison Affirmative Action Department certain workforce utilization statistics upon request, using a form to be furnished by the City.

If this Agreement is still in effect, or if the City enters into a new agreement with Developer, within one year after the date on which the form was required to be provided, Developer will provide updated workforce information using a second form, also to be furnished by the City. The second form will be submitted to the City Affirmative Action Department no later than one year after the date on which the first form was required to be provided or within thirty (30) days after the form is provided by the City to Developer, whichever is later.

Developer further agrees that, for at least twelve (12) months after commencement of construction of the Private Development, it will notify the City of Madison Affirmative Action Department of each of its job openings at facilities in Dane County for which applicants not already

employees of Developer are to be considered. The notice will include a job description, classification, qualifications, and application procedures and deadlines. Developer agrees to interview and consider candidates referred by the Affirmative Action Department if the candidate meets the minimum qualification standards established by the Developer, and if the referral is timely. A referral is timely if it is received by Developer on or before the date stated in the notice.

Section 6.5. Affirmative Action. As used in this Section 6.5, the term "Developer" means Developer and all contractors and subcontractors who perform work on the Project. The Developer agrees and understands that an Affirmative Action Plan is required by this Agreement. Options C. and D. in Article IV below are not available to the Developer, per MGO sec. 39.02(9)(a)3:

Article I

The Developer shall take affirmative action in accordance with the provisions of this contract to insure that applicants are employed, and that employees are treated during employment without regard to race, religion, color, age, marital status, disability, sex, sexual orientation, gender identity, or national origin and that the employer shall provide harassment-free work environment for the realization of the potential of each employee. Such action shall include, but not be limited to, the following: employment, upgrading, demotion or transfer, recruitment or recruitment advertising, layoff or termination, rates of pay or other forms of compensation and selection for training including apprenticeship insofar as it is within the control of the Developer. The Developer agrees to post in conspicuous places available to employees and applicants notices to be provided by the City setting out the provisions of the nondiscrimination clauses in this contract.

Article II

The Developer shall in all solicitations or advertisements for employees placed by or on behalf of the Developer state that all qualified or qualifiable applicants will be employed without regard to race, religion, color, age, marital status, disability, sex, sexual orientation, gender identity, or national origin.

Article III

The Developer shall send to each labor union or representative of workers with which it has a collective bargaining Agreement or other contract or understanding a notice to be provided by the City advising the labor union or workers representative of the Developer's equal employment opportunity and affirmative action commitments. Such notices shall be posted in conspicuous places available to employees and applicants for employment.

Article IV

(This article applies only to non-public works contracts.)

The Developer agrees that it will comply with all provisions of the Affirmative Action Ordinance of the City of Madison including the contract compliance requirements. The Developer warrants and certifies that one of the following paragraphs is true (check one):

-
- A. It has prepared and has on file an affirmative action plan that meets the format requirements of Federal Revised Order No. 4, 41 CFR part 60-2, as established by 43 CFR 51400 November 3, 1978, including appendices required by City of Madison ordinances or it has prepared and has on file a model affirmative action plan approved by the Madison Common Council.

- B. Within thirty (30) days after the effective date of this contract, it will complete an affirmative action plan that meets the format requirements of Federal Revised Order No. 4, 41 CFR Part 60-2, as established by 43 CFR 51400, November 3, 1978, including appendices required by City of Madison ordinance or within thirty (30) days after the effective date of this contract, it will complete a model affirmative action plan approved by the Madison Common Council.
- C. Contractor believes it is exempt from filing an affirmative action plan because it has fewer than fifteen (15) employees and has filed, or will file within thirty (30) days after the effective date of this Contract, a form required by the City to confirm exempt status based on number of employees. If the City determines that Contractor is not exempt, the Articles of Agreement will apply.*
- D. Contractor believes it is exempt from filing an affirmative action plan because its annual aggregate business with the City for the calendar year in which the contract takes effect is less than fifty thousand dollars (\$50,000), or for another reason listed in MGO 39.02(9)(a)2. If the City determines that Contractor is not exempt, the Articles of Agreement will apply.*

** Options C and D under Article IV are not available to the Developer under this Agreement.*

Article V

(This article is not applicable)

Article VI

The Developer will maintain records as required by Section 39.02 (9)(f) of the Madison General Ordinances and will provide the City's Department of Affirmative Action with access to such records and to persons who have relevant and necessary information, as provided in Section 39.02(9)(f). The City agrees to keep all such records confidential, except to the extent that public inspection is required by law.

Article VII

In the event of the Developer's or subcontractor's failure to comply with the Equal Employment Opportunity and Affirmative Action Provisions of this contract or Sections 39.02 and 39.03 of the Madison General Ordinances, it is agreed that the City at its option may do any or all of the following:

1. Cancel, terminate or suspend this contract in whole or in part.
2. Declare the Developer ineligible for further City contracts until the Affirmative Action requirements are met.
3. Recover on behalf of the City from the prime Developer 0.5 percent of the contract award price for each week that such party fails or refuses to comply, in the nature of liquidated damages, but not to exceed a total of five percent (5%) of the contract price, or ten thousand dollars (\$10,000), whichever is less. Under public works contracts, if a subcontractor is in noncompliance, the City may recover liquidated damages from the prime Developer in the manner described above. The preceding sentence shall not be construed to prohibit a prime Developer from recovering the amount of such damage from the noncomplying subcontractor.

Article VIII

(This article is not applicable)

Article IX

The Developer shall allow the maximum feasible opportunity to targeted business enterprises to compete for any subcontracts entered into pursuant to this contract.

Section 6.6. Affirmative Action Definitions.

(a) Targeted Business Enterprise (TBE) shall mean any businesses certified by the Department of Civil Rights in one of the following categories: Section 3 enterprise, small business enterprise, minority business enterprise, women business enterprise, or disadvantaged business enterprise, as those terms are defined in MGO 39.02(9)(a)(9)-(12).

(b) Maximum Feasible Opportunity shall mean using good faith efforts in taking actions including, but not limited to, the items below, which shall be taken in the aggregate to the greatest extent possible:

- (1) Attendance at the pre-bid meeting.
- (2) Using the City of Madison's directory of TBEs to identify TBEs from which to solicit bids.
- (3) Assuring that TBEs are solicited whenever they are potential sources.
- (4) Referring prospective TBEs to the City of Madison Affirmative Action Division, Department of Civil Rights for certification.
- (5) Dividing total project requirements into smaller tasks and/or quantities, where economically feasible, to permit maximum feasible TBE participation.
- (6) Establishing delivery schedules, where requirements permit, which will encourage participation by TBEs.
- (7) Providing TBEs with specific information regarding the work to be performed.
- (8) Contacting TBEs in advance of the deadline to allow such businesses sufficient time to prepare a bid.
- (9) Utilizing the bid of a qualified and competent TBE when the bid of such a business is deemed reasonable, although not necessarily low.
- (10) Contacting TBEs which submit a bid, to inquire about the details of the bid and confirm that the scope of work was interpreted as intended.

(c) Goal shall mean the percentage of the total value of construction of the Private Development contracted to TBE's set by DCR based on a schedule of values provided by Developer. Should the Developer meet the Goal, then the Developer shall be deemed to be in compliance with Section 6.5. For clarity, in the event that the Goal is not met, then compliance with Section 6.6(b) will be reviewed.

ARTICLE VII

INSURANCE

The parties shall purchase and maintain such insurance coverages as may be required by the parties' respective lenders and risk managers, including those coverages required by the Condominium Documents, with respect to the Project Elements to be owned by each of them.

ARTICLE VIII

REPRESENTATIONS AND WARRANTIES

Section 8.1. Representations and Warranties by the City. The City represents and warrants that:

(a) The City is a municipal corporation duly organized and existing under the laws of the State of Wisconsin. The City has the power to enter into this Agreement and carry out its obligations hereunder and provision has been made to pay the liability that will accrue under this Agreement.

(b) There is not pending, nor to the best of the City's knowledge after due inquiry is there threatened, any suit, action or proceeding against the City before any court, arbitrator, administrative agency or other governmental authority that materially and adversely affects the validity of any of the transactions contemplated hereby, the ability of the City to perform its obligations hereunder, or the validity or enforceability of this Agreement.

Section 8.2. Representations and Warranties by the Developer. Developer respectively represents and warrants that:

(a) As of the Effective Date, Developer:

(1) is a corporation organized and validly existing under the laws of the State of Minnesota, and is authorized to do business in Wisconsin.

(2) has duly authorized the execution of this Agreement and the performance of its obligations hereunder, and neither the execution and delivery of this Agreement, the consummation of the transactions contemplated hereby, nor the fulfillment of or compliance with the terms and conditions of this Agreement, is prevented, limited by or conflicts with or results in a breach of, any indebtedness, agreement or instrument of whatever nature to which Developer is now a party or by which it is bound, or constitutes a default under any of the foregoing.

(3) There are no pending or threatened legal proceedings of which Developer has knowledge which seek to restrain or enjoin Developer's performance of the transactions contemplated by this Agreement or which question the authority of Developer to execute and deliver this Agreement or the validity of this Agreement.

ARTICLE IX

EVENTS OF DEFAULT

Section 9.1. Notice and Opportunity to Cure. Whenever any party to this Agreement alleges a default by the other, the party alleging the default shall provide written notice to the other specifying the nature of the default and the actions necessary to cure the default. Subject to reasonable unavoidable delays, if the alleged default is not cured within ninety (90) days after the defaulting party's receipt of such notice, the non-defaulting party may take any one or more of the actions set forth below:

(a) The non-defaulting party may suspend its performance under this Agreement until the defaulting party cures its default and continues its performance under this Agreement.

(b) The non-defaulting party may cancel and terminate this Agreement.

(c) Take whatever action, including legal, equitable or administrative action, which may appear necessary or desirable to the non-defaulting party, including any actions to collect any payments due under this Agreement (including, without limitation, in the case of Developer, drawing upon the City Work Escrow), or to pursue any claims for monetary damages at law or to enforce performance and observance of any obligation, agreement, or covenant by the defaulting party under this Agreement; provided, however, in no event shall either party be liable to the other for consequential or punitive damages.

The non-defaulting party may elect to take no such action, so long as an event of default has not been cured within said ninety (90) day period. No notice of such election by the non-defaulting party shall be required. Notwithstanding the foregoing, if after the Closing the City fails to use diligent, commercially reasonable efforts to prosecute construction of the Parking Ramp Development, and such failure is not cured within thirty (30) days after Developer's delivery of written notice, (i) Developer shall have the right, but not the obligation, to take over and complete the construction of the Parking Ramp Development, (ii) the City shall reimburse Developer all costs and expenses, including attorneys' fees, incurred by Developer in taking over and completing construction of the Parking Ramp Development, and (iii) Developer shall have the right draw upon the City Work Escrow to pay such costs and expenses. No term of this Agreement shall be construed or interpreted as requiring to Developer to remedy any act, omission or failure of the City or to obligate Developer to develop or construct the Parking Ramp Development. If Developer chooses to complete the Parking Ramp Development, and without limiting the obligation for the City to pay expenses described above, the City shall at Developer's option exercised by delivery of written notice quit claim and relinquish the City's rights to the Parking Ramp Development. For avoidance of doubt, no term of this Section 9.1 shall limit, modify or impair the rights of Developer with respect to the City Work Escrow, and in the event Developer draws on the City Work Escrow, City shall promptly deposit in the City Work Escrow an amount equal to the amount drawn by Developer.

Section 9.2. No Remedy Exclusive. No remedy hereunder is intended to be exclusive of any other available remedy or remedies, but each and every such remedy shall be cumulative and shall be in addition to every other remedy given under this Agreement or now or hereafter

existing at law or in equity. No delay or omission to exercise any right accruing upon any default shall impair any such right or shall be construed to be a waiver thereof, but any such right may be exercised from time to time and as often as may be deemed expedient.

Section 9.3. No Implied Waiver. In the event any provision contained herein should be breached by any party and thereafter waived by the other party, such waiver shall be limited to the particular breach so waived and shall not be deemed a waiver of any rights or remedies which the non-breaching party shall have and shall not be deemed a waiver of any subsequent default of any such terms, conditions and covenants to be performed hereunder.

Section 9.4. Duty to Provide Information. Each party shall have the obligation to communicate information upon the reasonable request of the other party where the information can reasonably be deemed necessary to ensure performance under this Agreement. Failure to comply with this section may be deemed a default under this Article IX. This section shall not apply to communications that are subject to attorney-client privilege or any other recognized privilege under the law.

This provision shall survive the termination of this Agreement.

Section 10.5. Broker's Commission. The parties acknowledge that no broker's commission or finder's fee is payable with regard to this transaction. LEGAL DESCRIPTION OF THE PROPERTY

Lot 5 through 10, Block 8, University Addition Plat, except that portion of Lot 5 described as follows:

Beginning at the northwest corner of said Lot 5, thence East, 42.5 feet along the north line of said Lot 5; thence South, 12.5 feet along a line parallel to the west line of said Lot 5; thence West, 25.0 feet to a point of curve; thence on a curve to the left, convex to the northwest, having a radius of 17.5 feet to a point of tangency with the west line of said Lot 5, said point being 30.0 feet south of the northwest corner of said Lot 5; thence North, 30.0 feet to the point of beginning.

EXHIBIT B

Land Use Restriction

1. **Term.** The Term of this LURA shall be thirty (30) years from the the date of issuance of the certificate of occupancy for the Building, or that portion of the Building containing the Low-Cost Beds (as defined below), unless sooner terminated as provided herein.

2. **Affordability.** Owner shall provide not less than X beds, such amount as determined by the City's election or deemed election pursuant to Section 3.2(a)(1) of the Agreement (the "**Low-Cost Beds**"). The Low-Cost Beds shall be leased to Eligible Students (defined below), at a lease rate that is X percent (X%), such amount as determined by the City's election or deemed election pursuant to Section 3.2(a)(1) of the Agreement, less (the "**Student Discount**") than the market rate charged for a bed in a comparable bed in the Building. For avoidance of doubt, the Student Discount shall only apply to the amount charged for renting a bed in the Building, and not to other fees, costs, charges required to be paid pursuant to a rental agreement, including but not limited to rental application fees, parking fees, default rates or damages. Except for the Student Discount rental rate, the Eligible Student's leases shall include the same terms and conditions as those set forth in the market rate leases including, without limitation, the same right to relocate to another bed in another dwelling unit (whether in the unit described above or in another unit), but at the rental rate of the Student Discount. It is the intent of the parties that Eligible Students will be treated the same as the students with market rate leases except for the Student Discount. If an Eligible Student relocates to a bed in a unit other than the above described units, such student shall still count toward the Low-Cost Beds requirement. If, during any Lease Year (defined below), Owner fails to rent all of the Low-Cost Beds to Eligible Students because an insufficient number of Eligible Students who otherwise meet the leasing requirements have sought to rent the Low-Cost Beds ("**Insufficient Demand**"), and Owner has otherwise complied with the terms and conditions of this LURA, then Owner shall be deemed to have satisfied the Low-Cost Bed requirement at the Building, and shall be permitted to rent the remaining Low-Cost Beds to non-Eligible Students without application of the Student Discount during such Lease Year. For purposes of this LURA, "Lease Year" shall mean the period commencing at the beginning of the first full academic year following issuance of a permanent certificate of occupancy for each of the Residential Building and the Parking Ramp.

3. **Eligibility.** UW's Office of Financial Aid ("**UWOFA**") and Owner shall agree on a Memorandum of Understanding ("**MOU**") which shall be attached to the LURA as **Attachment 1**, with Owner to apply UWOFA's guidelines for determining eligibility based on household income, or other criteria (the "**Eligible Students**"). Owner shall be deemed to have complied with this section by accepting Eligible Students referred to the Owner by UWOFA on a first-come, first-served basis until all Low-Cost Beds are leased (or until a determination of Insufficient Demand), and Owner shall have no obligation to (i) verify the eligibility of students referred by UWOFA, or (ii) to locate or lease to Eligible Students other than those referred to Owner by UWOFA at any time that UWFOA is providing the services described in the MOU. In the event UWOFA stops providing such service, Owner shall comply with the same UWOFA rules for eligibility at its own expense. In the event that Owner is unable to satisfy its obligation to provide

the Student Discount as a result of a failure of Owner to use good faith efforts to satisfy its obligation, Owner may be required to add the deficient number of Low-Cost Beds to the number of Low-Cost Beds required for the next lease year as more fully set forth in the MOU. Eligible Students must meet the Building's rental application requirements applicable to all tenants with the exception of providing a [parental] guaranty of the rental agreement and meeting any income requirement.

4. Compliance. Owner shall provide a report to City each June during the Term certifying the number of leases to Eligible Students ("**Lease Certification**"). The City shall have the right, but not the obligation, to audit the Lease Certification in a commercially reasonable manner as it chooses (the "**Audit**"), but with the understanding that the City shall not create public records of student names as a result of during the Audit.

5. [Intentionally omitted.]

6. Termination. This LURA shall automatically terminate if at any time and for any reason Owner decides not to proceed with developing the Building. Additionally, the City may terminate this LURA with thirty (30) days' written notice in accordance with Section 10 below. Upon Owner's request, City shall deliver within ten (10) days evidence of termination of this LURA in form acceptable to Owner and sufficient for recording in the real property records for the Building.

7. [Intentionally omitted.]

8. Meet and Confer. Whenever, during the term of the LURA, in advance of exercise of remedies pursuant to this LURA, any disagreement or dispute arises between the parties as to the interpretation of this LURA, or any rights or obligations arising hereunder, such matters shall be resolved, whenever possible, by meeting and conferring. The Owner shall produce, at the City's reasonable request, documents related to Eligible Students and Low-Cost Beds, as necessary to verify Owner's performance of its obligations under this LURA. Any party may request such a meeting by giving notice to the other; in which case such other party shall make itself available within seven (7) business days thereafter. If such matters cannot be so resolved within no more than ten (10) business days after the giving of such notice to confer, either party may proceed under any applicable remedy at law or in equity.

9. Opportunity to Cure. In the event Owner defaults in any of the covenants, agreements, commitments, or conditions herein contained, and any such default shall continue unremedied for a period of sixty (60) days after written notice thereof to Owner, the City may, at its option and in addition to all other rights and remedies which it may have at law or in equity against Owner, including expressly the specific enforcement hereof. The City shall extend the cure period if the City determines, in its sole discretion, that the Owner has begun to cure the default and diligently pursues such cure, or, without further written notice to the Owner, declare the Owner in default. The cure period shall in no event be extended more than ninety (90) days.

10. Notices. Any notice, consent, waiver, request or other communication required or provided to be given under this LURA shall be in writing and shall be sufficiently given and shall

be deemed given when delivered personally or when mailed by certified or registered mail, return receipt requested, postage prepaid, or when dispatched by nationally recognized overnight delivery service, in any event, addressed to the party's addresses below. If electing to utilize electronic mail, said emails shall be sent to the email addresses provided below with an active read receipt and shall include a statement that the electronic mail constitutes notice under the terms of this LURA.
