Madison Parks Division RECREATION FIELD USE POLICIES

All policies apply to both groups and individuals.

The Madison Parks Division recognizes that well-organized sports activities help to improve quality of life by providing an outlet for athletes to learn new skills and foster relationships through healthy competition. As interest in organized sports grows, so does the demand for facility use, and the need for a variety of fields and facilities. The Parks Division strives to meet ever-changing demands for athletic field use while continuing to meet our commitments to maintenance for non-athletic facilities.

In scheduling athletic leagues, these are some of our considerations:

1. The specific requests from each league.
2. Facility availability and amenities, including parking, bathrooms, lights, etc.
3. Neighborhood impact and compatibility.
4. The prior history of a league at a particular park or facility.
5. The need to accommodate requests by other groups.

Please note: Madison Parks reserves the right to alter or change your request as needed to accommodate other groups. There are NO guarantees that your request will be honored, or honored in full.

6. Priority scheduling is given to MMSD, MSCR, and groups that have written agreements with the Madison Parks Division.
7. Non-profit groups receive scheduling preference over for-profit groups.
8. Leagues shall deal directly with the Parks Office. No sub-contracting allowed. Organizations shall designate one person to make scheduling requests.
9. Scheduling appeals may be submitted in writing to the Madison Parks Commission.
10. Cancelled dates will result in a charge of one-half the normal scheduling charge, if written cancel notification is not received by the Parks Division at least two weeks before the scheduled date. (This does not apply to cancellations due to weather or unplayable field conditions.)
11. Each year, some fields are rotated out of use so that heavily-used fields can rest and maintenance staff has the opportunity to make field improvements. No one should use fields that are being rested. Regular user groups are notified of field rotation.
12. Separate arrangements must be made for tournaments, tents, amplification, and vending.
13. Groups or individuals with outstanding balances will not be scheduled.

14. Field use is prohibited prior to April 15, or after the fall cut-off date each year, which is usually from early to mid-October.
15. All user groups of Parks property must demonstrate sportsman-like conduct before, during, and after events, including (but not limited to): no fighting, no vandalism, no public urination, no amplification without permission, no littering, no parking on grass, no glass containers, etc.

Please Note: Group behavior that leads to complaints from park neighbors, or groups which violate Parks Cancellation Policy by using fields under bad weather conditions will jeopardize future scheduling with the Madison Parks Division.

16. All parks close at 10:00 PM.
17. Organizations may not use Play Madison Parks logo or Park image for advertisement without written approval from the Parks administration.

Guidelines for Cancellation of Activities on City Athletic Fields

The City of Madison Parks Division reserves the right to cancel an athletic activity or event scheduled in a City Park in the case of inclement weather and/or poor field conditions. The two main purposes of this policy are to ensure the safety of the participants and to prevent the fields from being damaged. In accordance with this policy, Parks Maintenance Supervisors or their designees may deny access to a field or require an activity to stop. League organizers are also encouraged to monitor playing field conditions, and cancel scheduled games due to poor playing conditions and/or bad weather, and to help keep your players off of the athletic fields.

Some examples of conditions that would require cancellation of an athletic activity or event:

1. Standing puddles of water on the field.
2. Footing that is unsure and slippery.
3. Ground that is waterlogged and squishy.
4. Grass that can be pulled out of the ground easily.
5. Lightning.
6. Severe weather storms.

When games are played on fields with poor or unsafe conditions, participants and spectators can be injured, possibly seriously. Also, major damage to the fields can result. Afterwards, it can take months, or even years, for the fields to get back into quality playing condition.

Teams or leagues that refuse to follow this policy will be subject to the following disciplinary action:

1. First Offense: \$100.00 fine and additional fees if required to repair fields.
2. Second Offense: \$200.00 fine and additional fees if required to repair fields. Suspension of the team or organization from access for one week.
3. Third Offense: \$300.00 fine and additional fees if required to repair fields. Forfeiture of a team's privilege to play games on City of Madison Parks fields for the remainder of the season.

Portable Restroom Facilities

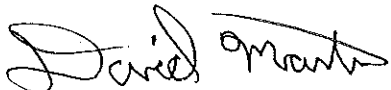

Portable restrooms will be required at parks where Madison Parks does not have restroom facilities. Locations for portable restrooms should be coordinated with Craig Klinke, East Parks Maintenance Supervisor, 246-4508, cklinke@cityofmadison.com ; or Lisa Laschinger, West Parks Maintenance Supervisor, 266-9214, llaschinger@cityofmadison.com. League organizers will be responsible for ordering and paying rental fees for the restrooms, which must be in place by the first night of league play. (Please contact Kathryn if you are not sure whether or not a particular park already has a restroom.)

Madison Parks reserves the right to change, amend, or revoke these policies at any time and without prior notice to organizations.

I acknowledge that I have read, understand, and will abide by the policies and procedures stated in this Recreation Field Use Policy.
