Dear Members of the Urban Design Commission,

The Carpenter-Ridgeway Neighborhood Association has been in contact with the developers of the proposed FEED Kitchens project to be built at 1502 Pankratz Road, which is located within the Carpenter-Ridgeway Neighborhood.

The Carpenter-Ridgeway Neighborhood supports the developers plan for the new incubator development, and we look forward to having the FEED Kitchens as a new neighbor.

Sincerely,

A handwritten signature in cursive script that reads "Randall L. Glysch".
