Subject: Brothers 3 Patio

Hi, Ledell and Heather.

I wanted to share my support for the conditional use application from Brothers 3 for an outdoor patio that is on the PC agenda this evening. I have not received emails of support for this request and have received any concerns. This establishment is valued by the surrounding neighborhood and the proposed patio will be a significant improvement over the current conditions. Please pass on to to the rest of the commission. Thanks!

Grant Foster
