Subject: Pacific Cycle

Tim, greetings. Would you be willing to forward the following message to Plan Commission members?

Thank you so much, and have a great weekend. Let me know if any questions.

Brian

Dear Plan Commissioners:

I want to write to urge your approval for the Pacific Cycle expansion. Pacific Cycle has done a good job of reaching out to neighbors and the neighborhood association in developing this project. Despite receiving initial approval from planning staff, they have continued to revise their proposal to ensure it is consistent with Plan Commission guidelines and neighborhood concerns.

I will try to attend the Plan Commission Monday, but wanted to make sure you knew that I continue to support this project, especially with the revisions that have been made.

Thank you as always for your important work on behalf of our city.

Sincerely,

Brian

Brian Solomon, Alder
Madison District 10
