Proposed Site Existing Conditions

Precautions to Protect Trees

3. Construction, Repair, Maintenance

d. No trees or plantings shall be removed from the Easement Area or otherwise disturbed without the prior written approval of City Parks. Grantee shall take reasonable precautions to ensure all trees located within Glen Oak Hills Park are protected during any construction, repair or maintenance activities.

e. Any directional boring that is performed in the Easement Area shall be done as deep as possible to mitigate damage to the root structures of any trees located within Glen Oak Hills Park.

Staff Recommendation

- Recommend Approval
 - Reasonable precautions can be made to protect trees
 - Best interest of public good, other no reasonable alternatives
 - Alder has provided approval
