Commisisoners,

I just wanted to say THANK YOU for bringing forward this resolution and I hope it passes unanimously. It is a cogent and articulate argument against highway expansion. I do not want any more highway lanes in our city, period.

It fills me with pride to see our city government demanding improvements like reconnecting local streets and improving non-vehicle infrastructure. Please continue to push for sensible and efficient transportation options that serve the best interests of our community, rather than wasting more of our increasingly scarce land on vehicle lanes.
