SISTER CITY RELATIONSHIPS-- HISTORY AND BACKGROUND

The Common Council, by resolution in September 1988, established a Sister City Selection Policy. The resolution states, in part:

1. Madison supports Sister City relationships in the belief that person-to-person ties are the strongest;
2. In seeking to work for peace and better understanding of all cultures, these Sister City relationships are created to develop lasting friendships on the human level and to provide a forum to exchange our ideas and views; and
3. Madison seeks the support of its citizens for developing and further establishing Sister City relationships.

The resolution further states that the selection of future Sister City relationships shall follow specific guidelines; these guidelines are listed in the PROCESS CHECKLIST.

HOW TO APPLY FOR SISTER CITY STATUS

For Madison to adopt a Sister City, a resolution needs to be drafted and sponsored by an alder(s) and/or the Mayor. This resolution requires adoption by the Common Council Organizational Committee (CCOC) and the Common Council (CC).

- √ Meet with Mayor/staff-- provide local SC group's names/contact info; brief overview of group status, 'project' and sister relationship; note any upcoming events scheduled; estimate timeline for resolution to Council
- √ Mayor may appoint an alder as "temporary advisor to SC group's organizing committee" with Council confirmation

PREPARATION TIPS

The following are some questions that a local Madison group interested in establishing a Sister City may need to ask themselves during this application process:

- For what reasons does the local group seek this relationship -- agricultural, economic, cultural, business, technological, educational, humanitarian?
- What are the benefits to City of Madison residents from this relationship?
- Can the local group estimate the number of Madisonians that would be directly affected by this relationship? Or would be involved in local programming?
- What areas of mutual interest do Madisonians and the people of the prospective city have?
