Walgreens decision to reenter the beer and wine market is a direct response to consumer demand. Our modest selection will be tailored to provide a safe, convenient alternative to meet the needs for our existing consumer base. The new category will bring revenue growth potential for both Walgreens and the industry at-large with a streamlined offering that will drive purchases from consumers who wouldn't typically visit traditional liquor merchants. As we do in the hundreds of locations where we currently sell beer and wine, these products will be merchandised and sold with a high degree of responsibility and conscientiousness. And, as always, customer and community feedback will be welcome and considered.

excoduceassonment.

A limited selection of beer and wine will make up a small portion of each eligible store -- beer will comprise 1/4 of an 18 ft. cooler; and wine will make up 1/3 of a 36 ft. beverage aisle.

- The proposed assortment has been refined to appeal to casual, moderate beer and wine drinkers as an additional Walgreens convenience.
- The beer selection will consist of 6 packs, 12 packs, 18 packs and cases only. There will be no spirits, malt liquor, single servings or any other variation that would be considered conductive to alcohol abuse.
- The selection will be value to mid-priced.

Walgreens has taken great measures to assure that any beverage containing alcohol will be sold in a responsible and appropriate manner. Detailed polices and procedures are already in place, endorsed by legal counsel as well as senior management and are strictly enforced without exception.

- Employees for each eligible store must undergo extensive training prior to beer and wine availability at an individual location.
- Once trained, each register clerk must submit a policy acknowledgement as part of the daily log-on process.
- Walgreens established policy states that employees must request identification for any customer attempting to purchase alcohol who appears to be under the age of 40. Register prompts ensure compliance before proceeding with the transaction.
- Under age employees are required to seek the assistance of a manager

A recent study conducted in the state of Indiana ranked drug stores highest in alcohol sales compliance among all other retailers.

History Commencer

Walgreens stores have successfully merchandised and sold alcoholic beverages since prohibition. Though profitable, many managers found the category cumbersome and time consuming to maintain. It was discontinued in the great majority of stores during the early 1990s in order to improve focus on other key business priorities. Now, with a much scaled back offering, as well as point of sale and inventory technology advancements, we have the ability to resume beer and wine sales only while maintaining our high standards for responsible retailing.

Operational Controls

Step 1.1 Pre-employment Screen

Walgreens performs pre-employment checks on all new hires including: Criminal, Drug Test, Retail Association (Esteem), SDN (Socially Designated Nationals) Check and medicare/medicaid.

Step 1.2 Written Policies & Procedures

Employees are trained to comply with Walgreen policy, state and local laws regarding the sale of alcoholic beverages to customers. Walgreens alcohol policies are drafted with the intent to provide a uniform compliance approach with most states' alcoholic beverage laws. Employees are expected to understand, acknowledge and abide by all Walgreens policies in addition to their state's laws. To help reinforce Company policy and state law regarding the sale of alcoholic beverages, at the beginning of each shift, employees must read, understand and acknowledge the liquor compliance policy. This is achieved by:

<u>Hourly Employees</u>: The Liquor compliance policy log and liquor acknowledgement log must be electronically signed when punching in on the time clock.

<u>Salaried Employees</u>: The Alcoholic Beverage Daily Log 264 must be signed, including the date and time.

Step 1.3 Computer Based Training System

All employees, regardless of age, must do the following:

Review all available training materials
Complete "A Time to Care" PPL (People Plus Learning)
Read, sign, and date the sale of alcoholic beverages policy
Review all state and local laws to ensure that all requirements are understood, implemented and adhered to
Complete the Policy acknowledgement training on an annual basis

Step 1.4 Signage

All Stores must post the "We Card" sign and return policy sign. When required, stores will post signage denoting selling hours.

Step 1.5 Point of Sale Controls

Alcoholic beverages must not be sold by anyone under the age of 21. If a team member under the age of 21 scans an alcoholic beverage, the register prompts the clerk to call a member of management. The manager must insert a key and input their employee ID for the sale to be completed. When a team member scans an alcoholic beverage, the POS prompts whether the customer appears under the age of 40, if the answer is YES, then the team member must enter the birth date on the customer's photo identification into the POS system. Every Walgreens store has the capability to program their cash registers to lock out the sale of beer and wine during non-selling hours based on local ordinances.

Step 1.6 CCTV Deterrence

Walgreens deploys cameras and public view monitors in all locations to deter criminal activity and promote a safe environment. The digital images captured from these devices are stored for up to 90 days on a Digital Video Recorder and give Loss Prevention the capability to share images of criminal activity with our stores and local law enforcement. All new stores are equipped with 16 cameras. Existing stores have anywhere from 7 to 16 cameras. Standard camera shots include front entrance, cash registers, and pharmacy.

Step 1.7 Alpha EAS Security Caps

Alpha Caps (built with EAS alarm mechanism) are available to protect spirits, wine, and champagne bottles if stores are experiencing theft. If needed, caps are available or ordering at our Distribution Center. The caps are used as a strong visual deterrent and require a key to unlock prior to purchase/consumption.

PUFF (DISC

To ensure that employees are trained to comply with Walgreens policy, state and local laws regarding the sale of alcoholic beverages to customers.

Walgreens alcohol policies are drafted with the intent to provide a uniform compliance approach with most states' alcoholic beverage laws. However, each state may have sale of alcoholic beverage laws that are unique to that state.

Employees are expected to understand, acknowledge and abide by all Walgreens policies, in addition to their state's laws Should Walgreens policies ever conflict with state law, state law must be followed.

Selinovia do holes - - - -

Customer

- Customers must be at least 21 years of age to purchase alcohol.
- The clerk must ask customers who appear to be under 40 years of age for a valid photo identification to ensure the customer is of legal age. A sale must not be made if a person appears to be under 40 years of age and does not show the clerk valid photo identification. The four acceptable forms of photo identification are:
 - Driver's license
 - State L.D. card
 - Military I.D. card
 - Passport
- If the employee doubts the age of the customer regardless of the proof of age shown, he or she must refuse the sale. Call a manager for assistance.
- Alcoholic beverages must not be sold or given to anyone who is intoxicated.

Selling Responsibly

It is unlawful to sell, give, or deliver alcoholic beverages to any person under the age of 21. Be conscious of the following situations:

- A minor exchanging money with a legal age customer for purchase of an alcoholic beverage.
- · A minor carrying an alcoholic beverage to the register for a legal customer to purchase.
- A minor selecting an alcoholic beverage that is to be purchased by a legal customer. N

This does not include adults merely shopping with a minor.

- If you suspect a customer is purchasing alcoholic beverages for minors, it is your responsibility to ask for adequate identification from all persons in the
- If you have doubts about whom the customer is purchasing alcohol for, or their identification, a manager should be called immediately to make the final decision about the sale.

N		
Important:	Management must communicate the above information to all clerks.	

Employee

- All managers and employees engaged in the sale of alcoholic beverages must have knowledge of and adhere to all state and local laws governing the sale of alcoholic beverages.
- Alcoholic beverages must not be sold by anyone under the age of 21.
- If a **clerk under the age of 21 scans** an alcoholic beverage, the register prompts the clerk to call a member of management. The manager must insert a key and input their employee ID for the sale to be completed. When a manager is called, it then becomes the manager's responsibility for the sale of alcohol, and the manager will be held accountable for the conditions of the sale.
- When a cashier scans the alcoholic beverage and the POS prompts whether the
 customer appears under the age of 40, if the answer is YES, then the cashier
 must enter the birth date on the customer's photo identification into the POS
 system.

Handling

 Alcoholic beverages should not be handled, including stocking alcoholic beverages, by any employee under the age of 21.

Managing the Sale of Algohol Sale 3

Supervising the sale of alcohol carries great responsibility. Alcohol-related accidents, injuries, and deaths can occur if it is sold irresponsibly. The following can occur if you allow alcohol laws to be violated:

- The manager on duty and/or the employee selling the alcohol can be disciplined, up to and including termination of employment.
- The manager on duty and/or the employee selling the alcohol can be held personally liable for violations of the law. Such violations could potentially result in being arrested, charged, and perhaps jailed and fined.
- The manager on duty and/or the employee cited for selling the alcohol may not be able to work in or own another establishment that sells alcohol.
- Walgreens may lose its alcohol license and/or be fined.
- The manager on duty, the employee selling the alcohol, and Walgreens can be sued for damages caused by an intoxicated person if alcohol is sold to that person illegally.
